

SCHOOL TO BUILD NEW WEST STANDS AT FOOTBALL STADIUM

The trustees of the Hamlin Public Schools voted Monday night in regular session to construct bleachers on the east side of the Pied Piper Stadium which will seat 720 persons.

Pete Bond, local welding firm, was awarded the \$6,350 contract to build the bleachers over the existing rock construction at football stadium.

The board also voted to

Horse Sale for WTRC Planned for Cowboy Reunion

Charlie Morris, chairman of the Cattlemen's Round-up for Crippled Children, announced the appointment of Ed Heller of Dundee and Ralph Morrison and John Carlile as co-chairmen of the horse division of the Cattlemen's Round-up for Crippled Children. Heller, rancher and quarterhorse breeder from Dundee, has served the Cattlemen's Round-up for three years.

Morrison and Carlile, well-known sales firm, will hold the sale of the horses free of charge. The sale will be held in conjunction with the Texas Cowboy Reunion in Stamford on July 2. The horses will sell at 1:00 p.m. at the quarterhorse arena.

The partnership of the world's largest amateur rodeo and the horse sale of the Cattlemen's Round-up for Crippled Children is quite natural since many of the same working cowboys and cattlemen are staunch supporters of both affairs.

MARK SMITH WINS LAKEVIEW GOLF TOURNEY HERE SUNDAY

By John Shields
Reporter News Sports Writer
Hamlin's talented Mark Smith had to battle a strong wind and an over-abundance of dust here Sunday in winning the Lakeview Invitational Golf Tournament over Anson's Hagan Edmonds, 1 up in 19 holes. Smith was runner-up to Mark Nelson last year in the tourney and wasn't to be denied the win this season. The ex-Hamlin High School links star and University of Texas freshman journeyed from Austin just to participate in the tourney.

Edmonds and Smith were even through the first two holes as each bogged the par 4 first and came back with birdie on the 525-yard par 5 second. Edmonds missed his first putt by only two inches which would have given him a three on the hole.

At the next hole, Edmonds sank another birdie while Smith made the hole in par 4. This put Edmonds 1 up on the

lanky youth, but it didn't last long as Smith shot par on the fourth while Edmonds was one over. Smith had a bogie on the par 4 fifth to fall one behind. He then sank a 10-foot putt on the sixth for a birdie to even the match once again. Both golfers bogged the par 5 seventh after missing almost identical putts by only an inch. On the following three holes the pair had bogies for each, missing again putts that were only an inch from the cup on the 10th.

At the 11th Edmonds was par and took a one hole lead. Both bogged the 12th, 13th and 14th holes.

They parred the 335-yard 15th by making the distance in four strokes.

The 16th was the turning point for Smith as he posted a birdie 4 to even the count for the first time since the 11th. Edmonds failed to par the 17th and Smith gained the lead.

Continued on Page 6

Plans are being made to set up a budget whereby the school can continue to operate successfully by not increasing the tax rate, according to Superintendent C. E. Cook.

Principal B. V. Newberry, who had planned to accompany the group, had to remain in the hospital because of an unfortunate accident Monday. When checking the caps and gowns he stepped off a platform and broke a bone in his right foot.

Adult sponsors included Mr. and Mrs. J. B. Jayroe, Milburn Wink, Gus Young, Mrs. L. R. Fowler, Mrs. B. V. Newberry and Harold Williams.

Class mothers on the trip are Mrs. J. D. Adams, Mrs. B. O. Bell, Mrs. C. L. Howard and Mrs. Bill Thompson.

TO CONTINUE BEAUTIFICATION PROJECT — The Hamlin Garden Club will continue their project of planting shrubs, evergreens and flowers at the primary school building. Pictured at the primary school are, left to right, Mrs. B. B. Colwell, president; Mrs. Tarlton Willingham, retiring president; Mrs. R. D. Moore, chairman of the Arbor Day and garden therapy committee; and Mrs. John Ed Day, chairman of the civic beautification committee.

MRS. D. W. STELL AWARDED LIFE MEMBERSHIP IN P-TA

Mrs. D. W. Stell was presented a life membership in the Texas Parent-Teachers Association at the Thursday afternoon meeting of the Hamlin Elementary Parent-Teachers Association.

Mrs. Bill Shira made the presentation. Mrs. Stell, a teacher in the third grade, has taught in Hamlin since 1952. Prior to that time, she taught at Neila from 1946-47 and then in Borden County until 1952. She received her degree from McMurry College, Abilene.

Mrs. Stell and her husband, the late Mr. D. W. Stell, came to Hamlin in 1936. He was wholesale-retail dealer in Corden products until his death in 1946.

She has two children, a son, L. D. Stell of Hobbs, New Mexico and a daughter, Mrs. Cliff Reynolds Jr. of Hamlin.

The invocation was given by Rev. Cecil Stowe, pastor of the Church of the Nazarene.

The entertainment was presented by the first and second grade classes under the direction of Mrs. Willard Maberry.

Mrs. W. T. Johnson, retiring president, installed the following officers: Mrs. Jack Vaughan, president; Mrs. Harold Johnson, first vice president; Mrs. Bill Early, second vice president; Mrs. Earl Brown, secretary; Mrs. Joe E. Ford, treasurer; Mrs. John Hudson, historian; and Mrs. Johnson, parliamentarian.

High Winds, Rain Bring 1.79" Thurs.

High winds accompanied rain here late Thursday bringing a total of 1.79 inches during several showers lasting through early Friday.

The winds about 9 p.m. toppled several rows of brick from the front of the Albritton building at Southwest Fourth and South Central.

Also damaged was a metal awning on the front of the building at Carl Murrell Chevrolet.

Rains of about two to two and one-half inches were measured southeast of Hamlin.

OLD GLORY GIRLS WIN TWO FIRSTS IN STATE TENNIS MEET

by JUDY WHITE

Old Glory claims two state firsts—

For the third consecutive year, Old Glory brought home a state plaque in tennis, only this year it was two.

Stephanie Letz claimed the girls single title after three matches. Stephanie, a freshman, has made quite a name for herself. Very few, if any, freshmen have ever claimed a state championship. Stephanie lettered this year in basketball. She was on the high school spelling team which placed third in the district. She was class valedictorian of the eighth grade last year. She was active in grade school sports and literary events and is an active member in the Old Glory Girls and Old Glory Jr. Leader 4-H clubs. Her scores were:

First match—Lakeview: 3-6, 6-0, 7-5.

Second match—Okla Union: 6-0, 6-2.

Third match—La Pryor: 7-5, 6-1.

Beverly Garner and Nancy Vahlenkamp brought home the second State plaque in doubles.

Beverly teamed with Sharon Leverett, won first last year. This is quite unusual to win state two years. Beverly, an outstanding basketball player, served as annual co-editor, FHA president, and class officer. She is a former 4-H member. She is currently annual queen and girl most likely to succeed. In 1962 she was voted most representative by her class. She is a junior honor student.

Nancy Vahlenkamp, also a junior, played on the basketball, served as annual sports editor and is a member of the FHA. Nancy was voted basketball sweetheart this year. She is one of the top 4-Hers in the state. She is a county gold star girl, and state poultry winner twice. She is a member of the Farm and Ranch Management team heading for the state contest at A & M next month.

Miss Greenway Woman of Year

Miss Lennie Greenway was named Hamlin's Woman of the Year for 1964 at the Tuesday evening dinner of the Hamlin Business and Professional Women's Club held at the primary cafeteria.

The identity of the Woman of the Year was kept secret until the meeting. Mr. Tate May, longtime bank associate of Greenway's, walked around the room and revealed the honoree. He presented her with a bouquet of red roses and an inscribed trophy. Miss Greenway was chosen by secret ballot vote of members of all local women's civic clubs.

Miss Greenway, better known to all her friends as Miss Lennie, has been quite active in club, church and civic affairs in Hamlin.

Her career in banking started here in 1918 in the First National Bank. She was named assistant cashier in 1934 when the bank was sold to the Farmers and Merchants Bank. In 1950 she was named cashier and vice president in 1950 and served in that capacity until her retirement in January this year. She is currently a member of the board of the Farmers and Merchants National Bank.

She is a charter member of the B & P W Club and was installed Tuesday evening as president. She is now serving as a member of the Hamlin Memorial Library building committee and is active in the work of remodeling the kitchen facilities at the library building. She is one of the original trustees of the library.

She has been secretary-treasurer of the Hamlin Cemetery Association since 1934.

She is an active member of the First Baptist Church and has been voted a new member in the Hamlin Garden Club.

Mrs. W. B. Britton, retiring president, installed the following officers for the coming year: Miss Greenway, president; Mrs. Lataine Owen, first vice president; Mrs. M. T. York, second vice president; Mrs. Roy Server, third vice president; Mrs. S. C. Hollis, recording secretary; Mrs. Opal Smith, treasurer.

The program was under the direction of the legislative committee with Mrs. R. D. Moore as chairman. She was assisted by Mrs. Don Hymmer and Mrs. Joe McCrary.

Guests included Mr. and Mrs. May, Mrs. Joe League, president, Woman's Forum; Mrs. Jack Vaughan, president, Fifty-two Study Club; Mrs. Donley Williams, president, Woman's Literary Club; Mrs. Tarlton Willingham, president, Hamlin Garden Club; Mrs. B. By Vern Sanford
Texas' boom in man made lakes has opened many new frontiers for the outdoorsman. But perhaps the least-known pastime of all is skin diving. This is a fascinating sport and one that is learned easily. It opens many new and exciting hobbies, such as spearfishing, underwater photography or just exploring along the floor of the lake.

Although interest in skin diving has grown tremendously within the last few years, it is not a learn-it-yourself sport. No would-be diver should attempt it without first becoming thoroughly familiar with basic diving fundamentals, the equipment used and his physical capabilities.

Skin diving includes both snorkel and SCUBA diving. The first requires only a face mask, swim fins and a snorkel tube. It is the way most divers get started.

SCUBA diving, which gets its name from Self Contained Underwater Breathing Apparatus, requires quite a bit of equipment, including an air tank and the necessary attachments.

The tank or lung is strapped to the diver's back. Air is passed through the tank to the diver through a regulator, tubes and mouthpiece. The regulator on the tank reduces the air pressure to a comfortable breathing level. Exhaled air passes through a flutter valve and produces the familiar bubbles seen on the surface.

Advantage of SCUBA diving is that it allows the diver to remain under surface for longer periods of time and permits him to dive to greater depths.

Any attempt to learn SCUBA diving merely by reading a newspaper article, magazine story or for that matter an instruction book, would be fool hardy. Learn the sport under the guidance of an expert skin diver.

In areas where organized instructions courses are not available, it is often possible to contact an individual who is qualified and willing to act as

an instructor. Several skin diving clubs have been formed in Texas and most of the major cities have one.

Before you even think about taking up skin diving, consider your physical condition. Age is seldom a factor but people with heart or chronic respiratory ailments should not become skin divers. It is a rather rigorous sport and should be attempted only by people in reasonably good health.

Skin diving is governed by several easily learned common sense rules. Perhaps the most important piece of advice a beginner should remember is never dive alone. Skin diving is safer and a lot more fun when the buddy system is used.

Once you have mastered the basic diving techniques, a whole new world will be opened to you.

Perhaps your cup of tea is spearfishing. This is a fascinating sport which requires stealth and a good shooting eye. In a way, it is hunting underwater. Texas permits only the taking of rough fish like gar and carp by skin diving.

The diver is equipped with a spring - type gun which drives a spear with tremendous force. Flipping quietly through the water, the diver approaches as close as possible to his quarry, aims and lets fire.

After your elementary education in nearby lakes, maybe you would like to try something bigger and more demanding. Many inland divers head to the coast occasionally to try their skill at spearing the salt-water species.

A favorite sport for hunting is around one of the many oil wells lying off the Texas coast. Often the diver will find a huge jewfish lurking there.

A diver who tangles with a 200-pound-plus jewfish will have a real tussle. Several divers often team up to try and bring these huge fish to the surface.

Divers are called on occasionally to aid in underwater

searches. They look for valuable articles which have been accidentally dropped into the water. Also for the bodies of drowned persons.

Sometimes parties are organized to travel to far-away places — like the coast of Mexico, Florida or the Bahamas — to explore colorful underwater reefs.

Anyway you take it, skin diving is a fascinating, exciting pastime.

Humble Sponsors 25 Scholarships

HOUSTON — As part of its program to promote traffic safety, Humble Oil & Refining Company will sponsor 25 scholarships for Texas law enforcement officers to attend a special police-training course May 11-22 at Texas A&M University, it was announced today.

This is the third year in succession that Humble has sponsored a training course at the Texas school.

The scholarships will be made to command, staff, and supervisory personnel of state law enforcement departments in Texas. Recipients of the awards will be selected by Texas A&M University.

The course this year, "Supervision of Police Personnel," will be coordinated and conducted by The Traffic Institute of Northwestern University. Instructors include Institute staff members and representatives of the International Association of Chiefs of Police.

Humble has cooperated with The Traffic Institute for 10 years in the sponsorship of police traffic training programs at leading universities. The chief objective of the program is to help raise the efficiency of street and highway transportation, thereby helping reduce traffic accidents.

After four months in office, President James A. Garfield was assassinated by a man whom he refused to appoint to office.

We drove 3,243 miles to make a point about our Super Turbine transmission

You can do it on the way to the grocery store

Would we drive a Buick with a Super Turbine transmission* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run? Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super Buick Motor Division

Turbine transmission? You bet. Obviously you aren't planning to drive 3,243 miles to prove your new Buick is economical. And you can't expect to get as many miles per gallon as the experts in the Economy Run. Still, it is nice to know you can win the economy run around town. And the good looks prize at the same time. See your Buick dealer about it. No doubt he'll think of a number of other reasons to drive a Buick.

*Optional at extra cost.

THE HAMLIN HERALD

PHILOSOPHER HAS NEW SYSTEM FOR MAKING THINGS HUM FASTER WITH TIME PAYMENTS

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 takes a look at the economy this week. We're not sure what he sees. Dear editor:

I have often heard that economists break out in a cold sweat at the thought of everybody's suddenly becoming thrifty, that if people adopted the old-fashioned methods of paying cash or doing without, the wheels of industry would grind to a halt, on account of the whole system of manufacturing and selling is geared to installment buying, from washtubs to roller skates, dishwashers to fishing tackle, automobiles to summer vacations, but I have a notion they're worrying over nothing. People are going to start paying cash about the same time Washington does, which leaves the future unlimited. Modern man does everything from fighting wars to getting married, if there's any difference, on credit.

What got me to thinking a-

bout this was an advertisement I read in a newspaper last night announcing the price of a new car which is generally admitted to be a few notches ahead of the two more popular brands in power and stature. This car, the ad said, costs just \$7 a month more than the lower-priced cars. That's all the price it gave, no mention of the total.

This seems to me to be the perfect answer to the people who claim to be staying up nights worrying about the national debt.

The government ought to stop reporting the national debt is 115 billion, or is it 300 billion, I forgot. I have no hand for details. What it ought to say is the national debt will be increased this year, if it has to be increased, by \$2 per week per man. What's two dollars? Nobody can stand that. Who'd stay up all night tossing and turning over two dollars?

My only complaint is that installment buying isn't ex-

ways it could be used to stimulate buying even more.

For example, I have long contended that if the government would let the post office sell me a \$50 money order on the installment plan, and I could use that to make the downpayment on a \$250 item out of a mail order catalog, I could make the economy hum even faster. I don't know why the government is asleep on this splendid idea.

Yours faithfully,
J. A.

INSTALLATION OF OFFICERS HELD BY GARDEN CLUB FRIDAY

The Hamlin Garden Club closed the club year Friday afternoon at the stated meeting in the home of Mrs. Fred B. Moore Sr.

Retiring president, Mrs. Tarlton Willingham, conducted the business session. Miss Lennie Greenway and Mrs. Bob Solomon were elected to membership in the club.

Mrs. Edgar Duncan presented the program, "Caladiums and Coleus". The coleus was described as coming from the mint family, suitable for growing inside or outside in potting soil or water cuttings for new roots should be started in August.

Caladiums are available in (50) fifty varieties and should be started indoors and moved outside after warmer weather.

The flower show report was given by Mrs. Joe L. League. A total of 221 exhibits were entered in the show.

Mrs. Willingham installed the officers for the ensuing year using red roses as the symbol of love in the club's work, stating that roses exemplified love to one another which accounts for the cooperation, generosity and loyalty so evident in the club activities.

The following officers were installed: president, Mrs. B. B. Colwell; first vice president, Mrs. John Ed Day; second vice president, Mrs. La Foy Patterson; recording secretary, Mrs. S. L. Tate Jr.; treasurer, Mrs. R. D. Moore; corresponding secretary, Mrs. Edgar Duncan; reporter, Mrs. Joe L. League; historian, Mrs. C. G. Green; librarian, Mrs. J. P. Morgan; parliamentarian, Mrs. Tarlton Willingham.

Mrs. Colwell appointed the following standing committees:

State and national projects: Mrs. Joe L. League, Mrs. Tarlton Willingham, Mrs. Fred Carpenter.

Notification—Mrs. P. A. Fowler, Mrs. L. B. Williams. Membership—Mrs. Arlie Castle, Mrs. Dick Maberry, Mrs. Edgar Duncan.

Horticulture—Mrs. D. B. Sauls, Mrs. C. G. Green, Mrs. Revis Robertson.

Arbor Day and Garden Therapy—Mrs. R. D. Moore, Mrs. W. B. Britton, Mrs. A. E. Johnson.

By-Laws—Mrs. Fred B. Moore Sr., Mrs. E. M. Wilson.

Conservation—Mrs. Harold Bonner, Mrs. S. T. Hoffman, Mrs. B. H. Gardner, Mrs. Bob Solomon.

Civic Beautification—Mrs. John Ed Day, Mrs. Glenn Simon, Miss Lennie Greenway.

Program and Yearbook—Mrs. La Foy Patterson, Mrs. C. F. Cook, Mrs. S. L. Tate.

Pilgrimage—Mrs. J. P. Morgan.

Flower Show Chairman—Mrs. M. T. York.

Junior Garden Club—Mrs. Richard Young Jr.

The club elected the following delegates:

Conventions—Mrs. B. B. Colwell, Mrs. M. T. York.

The Women's Forum—Mrs. Dick Maberry.

Hamlin Foundation—Mrs. R. D. Moore.

Plantings at Primary School building will continue as a project of the club. At this time the club has planted eight wax leaf ligustrum, two Italian Cypress, one variegated euonymus, chrysanthemums and irises.

Call your news to the Herald.

New VFW Officers Installed Tuesday

The Veterans of Foreign Wars and the Ladies' Auxiliary met Tuesday evening, May 5, for the installation of officers.

Past Commander Vernon Ely installed Carl Green as post commander Hamlin Post 6014. Mrs. Cleo Perryman, a past president, installed Mrs. Carl Green as president of the auxiliary. Mrs. Green, who was re-elected, was presented a president's pin by Mrs. Perryman in appreciation of the work done in 1963-64.

A buffet dinner and refreshments were served.

Mr. and Mrs. Murry Shroeder and two sons from Stamford Post 9179 were guests.

Visitors in the home of Mr. and Mrs. Carl Bingham over the week end were their daughters, Linda and Joyce of West Texas State University at Canyon and a friend Judy Weathers also of WTSU.

"Keep cool with dairy foods, summer's hottest values" is the theme of the 1964 June Dairy Month observance, industry leaders have announced.

Mrs. Guy Weaver Honored with Baby Shower Monday

Members of the Beta Theta Chapter of Beta Sigma Phi Sorority surprised Mrs. Guy Weaver with a baby shower Monday evening in the home of Mrs. Billy Joe Wilson.

The centerpiece was a cake in the shape of a baby buggy. Mrs. Jack Willingham was in charge of the entertainment telling a story using a poem brought by each guest about a baby or little boy.

Hostesses with Mrs. Wilson were Mrs. W. A. Hawkins and Mrs. Duane Stallcup.

Mrs. T. W. Flenniken, Clyde, and Mrs. Mack Shurbet returned last week from Dallas where they went for Clyde to have thorough check-ups by several specialists. He received new braces and very favorable reports from other doctors, including a neuro-surgeon.

Social Security Card Needed for Summer Workers

"Every student who is getting a summer job or graduating from school this year should get his social security card now," said R. R. Tuley, Jr., social security district manager in Abilene.

Many employers will not hire a student unless he already has a social security card. Students who do get jobs show the card to the employer so that the name and number may be copied correctly. This is important because social security tax money must be credited to the correct record.

Duplicate cards will be issued to students who have had cards but have lost them.

Cards may be obtained at the local social security office, 203 Fannin Street, Abilene. Students living in a town without a social security office can get application blanks at their post office.

May is salad month. So when you pick the best greens in the market, it's important that they are stored correctly. Any surface dirt should be removed before placing the greens in the refrigerator. If washing seems necessary, be sure and drain all excess water off before storing in crisper, food bags or wax paper. Lettuce keeps longer if the head is kept intact until meal preparation time. Then separate the leaves needed for a salad, wash in cold water, drain excess water off so dressing can cling to the leaves.

Many greens lend themselves to a tossed salad.

Four Neinda Grads Honored with Tea In William's Home

Four senior girls of the Neinda Baptist Church who are members of spring graduating classes were honored Wednesday, May 6, at a tea in the home of Mrs. Donley Williams from 7 to 8 p.m.

The honorees were Gloria Hardy, daughter of Mr. and Mrs. A. D. Hardy, a graduate of McCaulley High School; Cheryl Brown, daughter of Mr. and Mrs. John R. Brown Jr.; Phyllis Scarborough, daughter of John Scarborough; and Polly Jackson, daughter of Mr. and Mrs. Stanley Jackson, all graduates of Hamlin High School.

In the receiving line were Miss Hardy, her mother, Mrs. Hardy, and her grandmother,

Mrs. J. H. Cook; Miss Brown, her mother, and her grandmothers, Mrs. John R. Brown Sr. and Mrs. A. C. Cox of Anson; Miss Scarborough and her grandmother, Mrs. Bertha Gregory; Miss Jackson, her mother, Mrs. Jackson, and her grandmother, Mrs. J. E. Bagley of Abilene.

Green and white decorations were used and the colors were carried out in the refreshments of cake and punch.

The table was covered with a green cloth. Crystal and silver appointments were used.

Members of the houseparty were Nancy Brown, Cindy Stephens, Sharon Wheat, Debbie Scarborough and Reba Jackson.

Hostesses with Mrs. Williams were Mmes. Jackie Williams, Jerry Williams and Frank Codington of Abilene.

Phebean Class Meets Thursday With Mrs. Perryman

The Phebean Sunday School Class of the First Baptist Church met Thursday at 9 a.m. for a business meeting and social at the home of Mrs. W. R. Perryman.

Hostesses with Mrs. Perryman for the 42 party on the patio were Mrs. L. B. Maberry and the class teacher, Mrs. Albert Haught.

Mrs. Haught gave the devotional.

Others present were Mmes. Odie Mallmark Sr., Elmer Brewer, Melvin Rhoton, Robert Christian, W. H. Dean, A. G. Miller, Mrs. Johnnie Agnew, D. O. Waymire and Amos J. Pemberton.

Mrs. Velma Wishert was a visitor.

Mrs. Joe League Speaks to Beta Theta Sorority

Beta Theta Chapter of Beta Sigma Phi met in the home of Mrs. Fred B. Moore Jr. Wednesday afternoon, May 6.

Mrs. Joe League was guest speaker. She spoke on flower arrangements for the home, displaying several arrangements and describing size and placements for each.

The business session was conducted by Mrs. Wilson Brannon. It was voted the Beta Theta in cooperation with Xi Gamma Phi would sponsor the West Texas Rehabilitation Center as the State Project for Beta Sigma Phi.

Installation of officers will be May 20, in the home of Mrs. W. T. Johnson.

Call your news to the Herald.

Former Resident Named to Take Part In Science Research

Stephenville (Spl) — Jackie R. Foster, senior mathematics major at Tarleton State College, has been named one of the six chosen to take part in the National Science Foundation undergraduate research participation program.

He was selected from among 54 applicants. Selection was based on scholastic standing, previous work experience, and interests. Appointees will be assigned to research programs which parallel their interests.

Foster is the son of Mr. and Mrs. Jack C. Foster of Delton and a 1957 graduate of Hamlin High School. He expects to receive his B. S. degree in mathematics from Tarleton in January.

He will begin the 10-week

program June 15 at Texas A&M University. His field of study in the program is Oceanography. Foster has had experience in oil exploration and operation of underwater gravity meters and computation of gravity data.

Most of his work at Texas A&M will be done on the campus, but some will be from an oceanographic vessel.

A weekly public service feature from
the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN Can you get food poisoning from frozen food? If frozen food thaws out, should it be destroyed? Can you refreeze meat that has thawed out?

These questions persist although frozen foods have become an integral part of modern living. But properly stored, handled and prepared, frozen foods will serve you and your family well.

Food poisoning, originating from frozen foods, is a rarity. Processors are careful to prepare and freeze their products at the peak of freshness, insuring that bacteria are at a mini-

mum. The very act of freezing the food suppresses the ability of the bacteria to multiply. Not until food temperatures rise and conditions become favorable to growth of the bacteria do they begin multiplying.

And what about frozen foods that have thawed out... must they be destroyed? Not necessarily. After all, they must be thawed before they can be cooked and eaten. If foods have been thawed only for a short time, they may be safely eaten. The important question is how long have they been thawed out and how high the temperature

has been. If the temperature went no higher than 45 degrees, the foods may be maintained at this level safely for several days but should not be refrozen.

Is it ever safe to refreeze meat that has thawed out? Refreezing meat is permissible if the meat was fresh at the original freezing and if it was thawed for only a short period. There may, however, be some degrading flavor and quality with the second freezing. The risk in refreezing cured or smoked meats is greater. These meats may be slightly spoiled even though there is no discoloration, off-color or other signs of spoilage.

Can you tell about the quality of frozen food by looking at it? Loss of quality resulting from improper handling or extended storage — is usually indicated by loss of flavor and color. (This is particularly true of vegetables.) Orange juice, as it deteriorates, tends to separate and settle out rapidly when reconstituted. Cream sauces appear curdled and the liquid begins to separate.

To preserve the quality of frozen foods, store them at the lowest possible temperature, and when you transport them from the store to your freezer, do so as quickly as possible. Rising temperatures cause chemical changes which influence the food's flavor and quality.

(A weekly feature from Public Health Education Division, Texas State Department of Health.)

Attends Reunion

Mr. and Mrs. T. H. Mason attended the Melton and Flanary reunion held at Haskell Park. Mrs. Martha Melton, 85, former resident of Hamlin, was honored by four generations of descendants. Relatives attended from Goree, Haskell, Abilene, Lubbock, Dallas, Highland, Calif., Odessa, Waco, Snyder, Rule, Seymour and Stamford.

Agtxec Dec Pabst Payne, a five-year-old registered Holstein cow, owned by Texas A & M University, has produced 18,500 pounds of milk and 574 pounds of butterfat in 305 days. The Holstein - Friesian Association of America made the announcement and listed the production as noteworthy. They said Agtxec's production compares with an annual output of 7,500 pounds of milk and 275 pounds of butterfat for the average U. S. dairy cow.

PAGE SIX

THE HAMLIN HERALD
Hamlin, Texas, Thursday, May 14, 1964

GOLF—

Continued from Page 1
for the first time since the match began.

But on the 18th Smith put his tee shot out of the fairway and did likewise on his second shot by over-shooting the green and landing on the opposite side. As a result Edmonds had a par - 4 and Smith a double bogie to send the contest into an extra hole of play.

On the tee off on the extra hole, Smith fired into the rough again. But he blasted his second shot on the edge of the green ahead of Edmonds' and sank a five foot putt for par while Edmonds had to settle for a 5 on the hole after missing a putt by six inches.

A quarter of a million people were made homeless in San Francisco in 1906 as a result of the fire following an earthquake.

New S&H Green Stamp Catalog Now Available

A new 1964 S&H Green Stamp 'Ideabook', displaying nearly 1700 items of merchandise, is now being distributed here.

The new edition of the catalog, published annually by the Sperry and Hutchinson Company, is available locally to shoppers at Piggly Wiggly, Simpson Food Store, Robertson Service Station, Hastings Texaco, Cooper Texaco, Bishop Flowers and Adams Fina Station, and other area stores distributing S&H Green Stamps, according to Arlie Carver S&H Sales representative.

Again this year, as has been true for the past several years, the 68-year-old trading stamp firm's catalog printing order is the largest single printing order of any publication in the U. S., and will be made available to the more than half of all U. S. families who save S&H Green Stamps, Carver stated. A recent survey indicates that over 80 percent of the nation's households presently save trading stamps for redemption.

Approximately 35% of the products show in the new Ideabook represent new and improved merchandise, the S&H representative said.

More than 600 of the nation's leading manufacturers and suppliers of brand name merchandise, representing some 75 different industries, have products shown in the catalog, according to Carver.

The back cover of this year's Ideabook features information on the S&H Group Savings Plan. By the pooling of stamps, charitable and non-profit groups may redeem stamps for such special equipment as station wagons, fire engines, school busses and ambulances.

Call your news to 4-1606.

In the first eight months of this fiscal year, U. S. agricultural exports totaled more than \$4 billion; exports for the year exported to reach \$6 billion. Strong gains have been registered by wheat, cotton and feedgrains. Poor harvest abroad last year was a major cause for the upswing.

Consumer spending for food in 1964 is expected to increase by more than 3 percent gain of a year earlier. Gains also are expected in domestic spending for textiles and other farm products. Population gains, higher incomes and a prospective increase in retail prices all contribute to the gain.

U. S. Imports of all red meats in January-February 1964 totaled 186.7 million pounds, 13 percent less than the same period in 1963. Beef imports were 11 percent lower; pork imports were about the same; lamb imports were down 22 percent and goat meat imports were down 51 percent, according to the USDA.

Texas sheep producers received \$23.1 million from the sale of sheep and lambs during 1963, according to the Texas Crop and Livestock Reporting Service. Swine producers of the state last year received \$38.4 million from the sale of hogs.

IT'S TRADE 'N' TRAVEL TIME AT YOUR CHEVROLET DEALER'S

Five different lines of cars—forty-five different models to choose from. Come early and trade great!

Now that spring's in full swing, you'll find new Chevrolets perfect for picking.

Luxury—First, there's the big Jet-smooth Chevrolet. Sumptuous and soft riding. Over 700 sound stoppers throughout the car to blot out noise. Interiors luxuriously done up in the newest and softest vinyls.

Trade what you're driving for one of these, and you won't want to trade seats with anybody else on the road.

Spirit—Next, Chevelle. The beautifully in-between size car that combines small car handling oomph with big car comfort. Eleven different models that you can equip with just about any extra-cost option you can imagine. No place to go this summer? Get a new Chevelle—you'll think of something.

Economy—Chevy II—the car that takes to inexpensive vacations naturally. It just goes and goes, and where it stops nobody knows. Eight models to pick from, including wagons with enough room to swallow up an eight-foot Christmas tree. (Plan ahead, we always say.)

Fun—Then there's Corvair. The fun one with the engine in the rear for unbelievable traction. Spring mud, summer sand, winter snow—nothing stops it.

Corvette. The enthusiast's car. Sting Ray Sport Coupe and Convertible. Still America's only true sports cars. They do for your driving what holidays do for kids.

Performance—And with any new Chevrolet you choose, you can pick from a wide range of standard or extra-cost high performance engines.

Either way, whether you've got some place special to go this summer or not, when you trade for one of Chevrolet's five great highway performers—you'll travel!

THE GREAT HIGHWAY PERFORMERS—Models shown top to bottom: Corvette Sting Ray, Corvair Monza Spyder, Chevy II Nova Super Sport, Chevrolet Malibu Super Sport, Chevrolet Impala Super Sport.

OLD GLORY . . .

By JUDY WHITE

Baccalaureate service for
Old Glory Rural High School
has been set for Sunday, May
17, in the school cafeteria.
Rev. Jack Key, pastor of the
Sweet Home Baptist Church
of Rule will be the speaker.
Special music will be provided
by Tate and Helen Hogan and
their daughter, Sharon, of Abi-
lene.

High School commencement
will be held in Thursday, May
21. Speaker will be Leroy Hav-
erlah, Jr., Haskell County
Child Welfare officer. Larry
Quade will deliver the valedic-
tory address and Charles Diers
will speak as salutatorian. A
special song will be provided
by three members of the Jun-
ior class, Nancy Vahlenkamp,
Beverly Garner and Marilyn
Flow. Mrs. Henry Pumphrey
will be the pianist for both oc-
casions.

Mrs. Emma Gerloff was hon-
ored by a large group of rel-
atives and friends on her 89th
birthday at a party hosted last
Sunday by her daughter-in-law,
Mrs. Katie Gerloff. Those at-
tending were Mr. and Mrs. Ray-
mond Gerloff of Abilene, Mr.
and Mrs. Jackie Gerloff of
Odessa, Ronnie Gerloff and Mr.
and Mrs. Eugene Gerloff of
Lubbock, Mr. and Mrs. August
Balzer, Mr. and Mrs. Will Ste-
gemoller and Mrs. Ella Nien-
est all of Sagerton, Mr. and
Mrs. Beno Hertenberger, Mr.
and Mrs. W. G. Wienke, Mr.
and Mrs. Herbert Klump, Mrs.
Tillie Dippel and Mrs. John
Neumann and Linda and Bev-
erly.

Last Friday was picnic day
for Old Glory School. The first
four grades went to Fair
Park in Abilene. Grades five
through eight went to Lake
Stamford. High school students
enjoyed the day at Cisco Lake.

Welcome rains fell over the
Old Glory community last
Thursday. Two- and one-half
inches were reported. High
winds accompanied the rain but
no serious damage was done.

Mrs. J. B. Pumphrey Sr. left
last week for New York City
where she attended the World's
Fair prior to sailing for Europe
where she will tour several
countries. She expects to land
at Bremerhaven, Germany, a
seaport at the mouth of the
Weser River in northern Ger-
many. If she can contact them,
she will visit two Old Glory ser-

vice men who are stationed in
Germany. They are Airman 2C
Noel Keith Newman, son of
Mr. and Mrs. J. F. Newman
who is stationed at the U. S.
Air Force Base at Bramerh-
aven, and Pvt. Melvin Vahlen-
kamp, son of Mr. and Mrs. W.
H. Vahlenkamp, stationed at
Bremen, Germany.

Mrs. Lynn Flowers and her
sister, Mrs. Jack Fuqua, of
Stamford visited their sister's
family, the E. L. Hinsons, in
Waco last week.

Visitors in the home of Mr.
and Mrs. Herman Letz last
Sunday were their son and
family, Mr. and Mrs. Marvin
Letz, and Freddie of Haskell.
Sandra Letz, a student at Abi-
lene Christian College and Mr.
and Mrs. Kent Denton of Abi-
lene.

Maj. Glen T. Johnson and
daughters, Celia Ann and Jen-
nifer of Wichita Falls visited
with his parents, Mr. and Mrs.
B. R. Johnson last Saturday.

Beta Chi Chapter of the Del-
ta Kappa Gamma will meet
next Saturday in Old Glory.
Thelma Smith will be installed
as the new president.

4-H
The Stonewall County 4-H
Poultry show will be held on
Wednesday, May 20, at the
Livestock barn.

On Thursday, May 21, the
Stonewall County Girls Fair
will be held in the Aspermont
School Homemaking cottage.

THE MINISTER SPEAKS—

'THE GOOD SHEPHERD'

By JOHN BURLISON
Pastor Calvary Baptist Church
John 10:1-5

In olden days a group of Turkish soldiers tried to drive away, and were being successful in doing so, a herd of sheep belonging to this Jewish shepherd, while he slept in the cool shade. When awakening, he the shepherd, realizing what was happening he was almost

in a state of panic. Realizing that he could not attack a company of enemy soldiers alone. Finally, as realizing the meaning of the scripture under consideration, John 10:1-5.

1. Verily, verily, I say unto you, He that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber.

2. But he that entereth in by the door is the shepherd of the sheep.

3. To him the porter openeth; and the sheep hear his voice; and he calleth his own sheep by name, and leadeth them out.

4. And when he putteth forth his own sheep, he goeth before them, and the sheep follow him for they know his voice.

5. And a stranger will they not follow, but will flee from him: for they know not the voice of strangers.

He ran along on one side of the ravine and putting his hands to his mouth and with the familiar call of the true shepherd's voice made the peculiar call. The sheep heard the call of the shepherd, and listened for a little while, then hearing the call very plainly, they left the stranger, and came running across the ravine to the master shepherd. He was able to regather his sheep into his safety before the enemy could cross over the ravine and come after them.

So it is with the children of God, we may be sometimes driven off into sin by the devil who is an enemy to God, but when the True Shepherd calls, the sheep will return to the master Shepherd, only those who are pretenders through some other source than Christ Jesus will continue on with the stranger, the devil. Christ is the True Shepherd, we are the sheep. Satan and his false religions are those trying to steal the sheep.

Do you know the master Shepherd's voice?

County Issues Less Marriage Licenses This Year Than Last

Blame it on the weather, or anything else you choose, for some reason or other fewer people are getting married this year than last—at least marriage license records in the office of County Clerk Ray Thorn say this is true in Jones County.

For the first four months of 1964, a total of 60 licenses were issued and many of these went to couples who reside outside the county. For the same four months last year this total was 77—a drop of 22 per cent.

Two licenses were issued last week. One of these went to Darrell Lee Cain and Carol Louise Tilotta of Abilene, and the other to Herman Rodriguez.

Elisha Gray of Chicago and Alexander Graham Bell of Boston, acting independently, both applied for patents on the telephone on the same day in 1876.

"YOU TOOK MY PICTURE..."

AND I WASN'T READY!"

How concerned we are with the image we present to others! And it is right that we should be. How mightily we influence others. It is so important that the self we present is one that will influence others for good.

With guidance from God we will be ready to present ourselves to the world in such a manner as to sway others toward God and all that is worthwhile and good.

"That ye might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God," come to His Church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HERALD TAKING PART IN PARKER PEN PENFRIEND PROGRAM

The Hamlin Herald, as the Parker Pen dealer for this area, is participating in the Parker International Penfriend Program by distributing application blanks to those who wish to take part in this world-wide correspondence program.

Names of people in 135 countries who want to correspond with Americans are being collected. At the New York World's Fair these names will be fed into a huge computer where they will be matched with the names of Americans who would like to correspond with people overseas.

Dan Parker of Parker Pens says this is one of the simplest and least expensive ways of promoting people-to-people friendship.

The information blank has a place for the people to fill out the language they will be corresponding in, the area they prefer to correspond, their age

from under 12 to over 60, their sex and their choice of 389 subjects of social interest preferences or they may check the general interest category.

Parker penfriend program is in co-operation with the People-to-people program headed by former President Dwight D. Eisenhower. It gives the average person a chance to have a small part in promoting a better understanding among peoples of the world about correspondence between persons of all nations. In this way the goal of the project to serve the cause of world peace may be better realized.

A representative of the Parker Pen Co. said last week that the applications from other countries were coming in at a rate of 10 foreign applications to one American application.

Many more American applications will be needed in order to match those of foreign coun-

FAIRVIEW NEWS

By MRS. ELMER JOINER

The world looks much brighter this Monday morning, since a good rain fell last week and no hail with it, as had been feared. Cotton planting will be in full swing now as soon as the ground dries, also wheat harvest will begin about the last of the week, so farmers will all be very busy for a short time.

Mrs. Woodrow Goodwin spent from Monday until Wednesday of last week in Hendrick Hospital in Abilene, undergoing extensive tests. This time she is feeling better, but will not know what the outcome will be for a few days.

Mr. and Mrs. H. L. Ford are grandma and grandpa, as of Sunday, when a little daughter was born to their son, Mr. and Mrs. Jody Ford, in Hamlin Hospital.

George Wainscott left Friday for Indiana, to visit with his son, Weldon, who has been ill. A call this morning says he arrived safely and the son seems improved.

Mrs. George Wainscott and Mrs. Raleigh Bond went to Abilene last Thursday where Mrs. Wainscott grandson, Steve Peters, Stamford, had a tonsilectomy. He is doing fine and is back home again.

A very befitting and lovely Mother's Day program was given in Sunday School at the devotional period. It being the young people's day to bring the devotional, Mrs. Leverett, teacher, had charge of the program, using more than the young people. Rev. Leverett gave a beautiful tribute to the mothers in his sermon. Those receiving corsages were: Mrs. Joe Ford, oldest mother present; Mrs. Kenneth

tries. Many churches used this method in connection with their mission program and schools are using the opportunity to further their foreign language program according to the representative.

The free application blanks are available at the office of the Hamlin Herald. These should be picked up and mailed soon. The Parker Company will be trying to get all the names matched before the closing of the 1964 Fair.

Leverett, youngest, and Mrs. H. L. Ford, with the most children present, having three of hers there.

Several visitors were in church Sunday, Mr. and Mrs. Joe R. Rosenbaum were with his parents, Mr. and Mrs. Fred Rosenbaum, having come from Pampa.

Rev. and Mrs. Kenneth Leverett were hosts for several of their relatives Sunday, those attending church with them Sunday were, Rev. J. E. Bagley and Mrs. Mary E. Tanner, both from Abilene. Rev. Bagley was also a visitor in prayer meeting Wednesday night.

Other guests of the Leveretts Sunday were, Mrs. Bagley, grandmother of Mrs. Leverett, her brother Larry Tanner, also the Stanley Jackson family.

Mr. and Mrs. Jimmy Joiner and children at dinner with his parents, on Mother's Day.

We are glad to report that Mrs. Joe Murff, who is in the Hospital after surgery is doing good, and hoping to be home real soon. But one unfortunate thing happened to her in losing a bag containing most of her clothes she would need in the hospital, the day she went to enter.

Mr. and Mrs. Jack Wright had both their parents for lunch Sunday, Mr. and Mrs. Jack Wright Sr., of Hamlin, and Mr. and Mrs. Flavil Holmes.

Mr. and Mrs. Joe Ford had several of their family Sunday. From Abilene they had Mr. and Mrs. Bill Ford and Mary, Mr. and Mrs. Winland Herrington and children. Those living around here present were, Mrs. H. L. Ford, Spencer and Diane, Mr. and Mrs. Joe E. Ford and children.

Mrs. George Wainscott and Jimmy, went to Abilene Sunday to eat dinner with Mr. and Mrs. David Higgins and boys. Later in the day visitors in the Wainscott home were, Mr. and Mrs. Wayne Wainscott and children, from Haskell.

Mrs. Buck Joiner was in Hamlin for a short while Monday, having brought her parents, Mr. and Mrs. Charles Durham, home from Odessa, where they had been visiting their three daughters living in that city.

YEARS AGO...

FIVE YEARS AGO:

First step in the move by Southwestern Bell Telephone Company to install dial telephones was announced this week by telephone officials.

Southwestern Bell has invited a selected group of general contractors to bid on a new dial building addition to the telephone office here, Truman Black, manager, announced this week.

W. G. (Bill) Rountree, Hamlin city superintendent and official government weather gauger for Hamlin for more than 17 years, this week was presented a 15 year award for service with the weather reporting division of the Department of Commerce.

C. E. Painter recently was named agent for the Katy Railway at Hamlin. An employee of the Katy system for 18 years, the new agent comes to Hamlin from Granger.

TEN YEARS AGO:

Jones County crop production has been pretty good, compared with all other counties in the United States, declares County Agent Bill Lehnberg. Jones County ranks thirty-third in cotton harvested with a total of 66,023 bales in 1949. Under grain sorghum production the county ranked twenty-first in the nation.

Interest in the Little League baseball play this summer is mounting with the release this week of the game schedules, beginning May 4.

FIFTEEN YEARS AGO:

Hamlin territory this week received 2.22 inches of rain to

bring the total for the year to 6.08.

Dr. Elmer J. Hawkins, now associated with the Fisher County Hospital at Roby, will assume control of the Hamlin Memorial Hospital within a few weeks, it is announced by the board of directors this

week. Hawkins says he hopes to have other doctors associated with him within a few weeks.

Hawkins has leased the hospital for five years.

Mr. and Mrs. Eddie Jay are announcing the birth of a son at Stamford Hospital May 1.

He has been named Jerry Fred.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Conservative tone of the Texas Legislature was little changed by May 2 primary results.

Thirteen members of the Senate and 101 Legislators won renomination.

There will be two new Senators. Former Rep. Jack Hightower of Vernon will replace Sen. George Moffett of Chillicothe who is retiring. Successor to Sen. Frank Owen III of El Paso, who did not seek reelection, will be decided in the runoff between Rep. George Cook of Odessa and former Rep. Pete Snelson of Midland. The winner still must face Republican opposition on November 3.

Democratic incumbents in State offices polished off their primary opponents and turn to the job of running against their Republican opponents in the November general election. The two primaries resulted in two runoffs, to be held on June 6.

Republicans George Bush and Jack Cox, both of Houston, will vie for the right to face Sen. Ralph Yarborough in November for the U. S. Senate seat Yarborough now holds.

Democratic Congressman-at-large Joe Pool will be in a runoff with Robert W. Baker of Houston for nomination to that statewide office.

Outside the U. S. Senate race, all Republican primary candidates for state office were unopposed.

TRIAL COVERAGE DISCUSSION SET — A State Bar subcommittee will meet here on June 12 with the state's major press associations to discuss coverage of court trials.

Representatives of United Press International Managing Editors, Associated Press Managing Editors, Texas Daily Newspaper Association and Texas Press Association have been invited to the first of three conferences. Radio and television broadcasters and law enforcement officials will be invited to confer with the Bar's subcommittee on "Trial News Coverage" in subsequent meetings.

The subcommittee has instructions "to study and make recommendations concerning proposed standards of conduct or statements of principles governing parties involved in news stories related to prospective or pending litigation, civil and criminal."

HIGHER EDUCATION BOOSTED — The TCommittee of Governing Boards of State Colleges and Universities called for "a giant step" to upgrade higher education in Texas next year.

In a new brochure, the voluntary group of regents from different institutions terms 1965 a "year of destiny" for education. Meanwhile, Gov. John Connally's Committee on Education Beyond the High School got together to edit its preliminary draft of a report on how to achieve that "giant step" necessary to make Texas colleges and universities best in the U. S.

JUDGES APPOINTED — Governor Connally named James F. Parker Sr. of Beaumont associate justice of the Ninth Court of Civil Appeals to fill the unexpired term of W. T. McNeill, deceased.

Connally also appointed Charles L. Reynolds, Childress County attorney, judge of the 100th District to fill the unexpired term of Judge Luther Gribble, deceased.

Both appointees are Democratic nominees for the judicial posts. Connally said earlier he would appoint winners of the party primaries to the unexpired terms.

APPOINTMENTS — Mrs. Richard M. Kleberg Jr. of Kingsville and Dr. Hesiquio Rodriguez of Harlingen were named by Governor Connally to six-year terms on the Texas A & I College board of directors. Connally re-appointed John F. Lynch of Houston to a new term on the board.

Mrs. Kleberg and Dr. Rodriguez succeed J. H. West of Bishop and the late O. E. Van Berg of Mercedes.

SCREW WORM ERADICATION — The financial fate of the Southwest screwworm eradication program should be apparent by May 8. That's when the appropriation bill embracing eradication plans is supposed to come out of the agriculture subcommittee of the U. S. House appropriations committee.

Pierce Johnson of Austin, attorney for the Southwest Animal Health Research Foundation, says the bill was written to provide \$2,750,000 in federal funds, to be matched by local funds. But SWAHRF officials have asked Congress to put up all \$5,500,000 since the screwworm has been eradicated in Texas, and maintenance of a barrier to prevent migration of screwworm flies from Mexico is an international program.

SOIL CONSERVATION — Planning costs for watersheds on Upper Bosque River, Hondo Creek and Donahoe Creek cost the Texas State Soil Conservation Board \$134,938, according to State Auditor C. H. Cavness' report on the past two fiscal years. Cavness said the Board spent a total of \$552,930 on its continuing efforts to conserve state soil resources and reduce efforts of flooding in small watersheds.

Legislative appropriations of \$572,579 were provided during fiscal 1962 and 1963. Biggest outlay was \$215,001 for almost 200 soil conservation districts which the board administers around the state.

MOSQUITO ERADICATION PLANNED — First allotment of federal funds: \$174,198 in a five-year, \$750,000 program aimed at mopping out the mosquito in Texas was received by State Budget Director Bill Cobb.

Texas State Department of Health will administer the program. The federal government, co-signee of a Pan American Health Organization agreement to stamp out yellow-fever-carrying mosquitoes, is underwriting the plan in a nine-state area, Puerto Rico and the Virgin Islands.

Mosquito abatement and education teams now are being organized for assignment in key areas of Texas. Dr. James L. Goddard of the U. S. Public Health Service said the mosquito must be eliminated from the U. S. to prevent its spreading to other western hemisphere nations.

BUILDING BOOM SLACKS — Despite a spring boom in apartment building, issuance of building permits in Texas in March dropped 8 per cent from March, 1963.

UT Bureau of Business Research thinks a slump in non-residential construction accounted for the overall drop.

TOURISM EXPANDING — Two Texas officials predicted tourism in the state is going to start booming.

Governor Connally said tourism will become the fastest-growing Texas industry. He called the state's new advertising program "one of our soundest investments in the economic and recreational future" of the state.

J. Weldon Watson, executive director of the Parks and Wildlife Department, said the fact that a Texan is President makes Texas more popular with visitors. Many of them want to know "how close such and such a park is to Johnson city," said Watson. He sees tourism and park use as having a "mighty impact" on the Texas economy.

BANKING - LOAN HEARINGS SET — State Banking Board will hear application on May 13 for charters of Peoples State Bank of Marshall; Southwest State Bank of Brownwood; and Expressway Bank and Trust of Dallas. Action is due at that time on application of Texas State Bank of Abilene and Royal Bank and Trust Company of Dallas.

Savings and Loan Commissioner James O. Gerst set a June 17 hearing on the application for Trinity Valley Savings and Loan Association at Madisonville. Proposed directors are from Midway, Normangee, North Zulch and Buffalo, as well as Madisonville.

SOO SLOW FOR PENSION — Some long-time Harlingen firemen who recently decided they want to participate in the Firemen's pension plan waited too long, according to Attorney General Waggoner Carr.

Carr ruled that the 1957 Fireman's Relief and Pension Fund Act provides that a fireman forfeits his rights to participate if he failed to enroll, and the 1963 firemen's pension law covering fully-paid firemen in part volunteer departments embodies the same terms.

GOLIAD MEMORIAL PLANNED — Governor Connally named a Texas committee to work with a Mexican group on plans and financing for a suitable memorial at Goliad to Gen. Ignacio Zaragoza. The general's victory over French forces on May 5, is celebrated throughout Mexico. General Zaragoza was born in Goliad.

The Texas Legislature in 1961 accepted the birthplace of Zaragoza as a state park historical site but provided no funds for developing it.

Good Neighbor Commission Director Glenn Garrett heads the Texas planning group. Other members are Parks and Wildlife Director J. Weldon Watson; Tourist Development Agency Director Frank Hildebrand; and Historical Survey

A&M NOW OFFERING FORAGE TESTING THROUGH CO. AGENT

Forage testing pays big dividends, Texas cattlemen now have such a service available to them through the local Extension office, according to county agent Kirby Clayton. The Texas A&M University Forage Testing Service operation has just been initiated, says Clayton.

Beef cattle producers, feeders and dairymen can take advantage of the new service — and they should. Research shows there are vast differences in the nutritive value and quality of forages used in feeding programs throughout the state. A ration cannot be properly balanced when the nutritive value of a forage is not known. If the forage is not properly utilized and supplemented according to its feeding value, this will be quickly reflected in beef and milk production — and ultimate profits.

The Texas A&M Forage Testing Service is available to anyone who desires to have dry forage or silage tested. Tests cannot be made for other types of feed such as grain or concentrates.

Tests will be made for protein contents only if the producer prefers. Protein test charges are \$2 per hay sample and \$3 per silage sample. When more complete information is desired, the charge is \$6 for each hay and pelleted or wafered forage sample. Each silage sample analysis will cost \$7. The more complete analysis will consist of determining crude protein and crude fiber, calculation of digestible protein, total digestible nutrients and net energy. Moisture in silage will also be determined.

As an added benefit — with the more complete analysis —

Committee Director George Hill.

SCHOOL TO BUILD NEW WEST STANDS AT FOOTBALL STADIUM

The trustees of the Hamlin Public Schools voted Monday night in regular session to construct bleachers on the east side of the Pied Piper Stadium which will seat 720 persons.

Pete Bond, local welding firm, was awarded the \$6,350 contract to build the bleachers over the existing rock construction at football stadium.

The board also voted to

maintain the present tax rate of \$1.65 even though there will be a loss of oil evaluations this year which will lower the schools income by some \$7,771. The local assignment for the state program will amount to about \$2,525. This coupled with the loss in oil evaluations will mean a drop of more than ten thousand dollars in income for the coming year.

Plans are being made to set up a budget whereby the school can continue to operate successfully by not increasing the tax rate, according to Superintendent C. F. Cook.

Horse Sale for WTRC Planned for Cowboy Reunion

Charlie Morris, chairman of the Cattlemen's Round-up for Crippled Children, announced the appointment of Ed Heller of Dundee and Ralph Morrison and John Carlile as co-chairmen of the horse division of the Cattlemen's Round-up for Crippled Children. Heller, rancher and quarterhorse breeder from Dundee, has served the Cattlemen's Round-up for three years.

Morrison and Carlile, well-known sales firm, will hold the sale of the horses free of charge. The sale will be held in conjunction with the Texas Cowboy Reunion in Stamford on July 2. The horses will sell at 1:00 p.m. at the quarterhorse arena.

The partnership of the world's largest amateur rodeo and the horse sale of the Cattlemen's Round-up for Crippled Children is quite natural since many of the same working cowboys and enthusiasts are staunch supporters of both affairs.

55 Seniors Leave Here Tuesday for New Orleans Trip

Fifty-five seniors and eleven sponsors left Hamlin High School Tuesday at 12:50 for the annual trip to New Orleans, La. and other points of interest in Louisiana and Texas.

The group boarded two chartered buses in Anson.

Principal B. V. Newberry, who had planned to accompany the group, had to remain in the hospital because of an unfortunate accident Monday. When checking the caps and gowns he stepped off a platform and broke a bone in his right foot.

Adult sponsors included Mr. and Mrs. J. B. Jayroe, Milburn Wink, Gus Young, Mrs. L. R. Fowler, Mrs. B. V. Newberry and Harold Williams.

Class mothers on the trip are Mrs. J. D. Adams, Mrs. B. O. Bell, Mrs. C. L. Howard and Mrs. Bill Thompson.

TO CONTINUE BEAUTIFICATION PROJECT — The Hamlin Garden Club will continue their project of planting shrubs, evergreens and flowers at the primary school building. Pictured at the primary school are, left to right, Mrs. B. B. Colwell, president, Mrs. R. D. Moore, chairman of the Arbor Day and garden therapy committee, and Mrs. John Ed Day, chairman of the civic beautification committee.

MRS. D. W. STELL AWARDED LIFE MEMBERSHIP IN P-TA

Mrs. D. W. Stell was presented a life membership in the Texas Parent-Teachers Association at the Thursday afternoon meeting of the Hamlin Elementary Parent-Teachers Association.

Mrs. Bill Shira made the presentation. Mrs. Stell, a teacher in the third grade, has taught in Hamlin since 1952. Prior to that time, she taught at Neila in Borden County until 1952. She received her degree from McMurry College, Abilene.

Mrs. Stell and her husband, the late Mr. D. W. Stell, came to Hamlin in 1936. He was wholesale-retail dealer in Corden products until his death in 1946.

She has two children, a son, L. D. Stell of Hobbs, New Mexico and a daughter, Mrs. Cliff Reynolds Jr. of Hamlin.

The invocation was given by Rev. Cecil Stove, pastor of the Church of the Nazarene.

The entertainment was presented by the first and second grade classes under the direction of Mrs. Stell.

Jerry W. Carlton To Receive Degree From North Texas

Jerry W. Carlton of Hamlin is one of 750 seniors who have applied for bachelor's degrees at North Texas State University this semester.

Spring commencement exercises are scheduled for 8 p.m. May 29 at Fouts Field.

Carlton, son of Weldon Carlton, 717 W. Lake Drive, is candidate for the bachelor of business administration degree in accounting.

Eighth Grade Graduation Set

Eighth grade graduation has been set for Friday, May 22, at 1:30 p.m. in the junior high school gymnasium, according to principal Marvin D. Carlton.

Scholastic and attendance awards will be presented to pupils in their home rooms Friday morning.

It's A Boy

Mr. and Mrs. Guy Weaver are announcing the adoption of a son, Noel Wayne. He was born April 26 and weighed 7 lbs. and 4 oz.

Maternal grandmother is Mrs. Charlie Sellers. Paternal grandparents are Mr. and Mrs. Noel Weaver. Mrs. Guy Poe and Mr. and Mrs. J. L. Weaver are maternal great-grandparents.

Mrs. Fay Young Morton, Hamlin, Texas, has reported the sale of 8 registered horned Hereford bulls to breeders in Texas.

tion of Mrs. Willard Maberry. Mrs. W. T. Johnson, retiring president, installed the following officers: Mrs. Jack Vaughan, president; Mrs. Harold Johnson, first vice president; Mrs. Bill Early, second vice president; Mrs. Earl Brown, secretary; Mrs. Joe E. Ford, treasurer; Mrs. John Hudson, historian, and Mrs. Johnson, parliamentarian.

A social hour followed the meeting.

OLD GLORY GIRLS WIN TWO FIRSTS IN STATE TENNIS MEET

by JUDY WHITE

Old Glory claims two state firsts.

For the third consecutive year, Old Glory brought home a state plaque in tennis, only this year it was two.

Stephanie Letz claimed the girls single title after three matches. Stephanie, a freshman, has made quite a name for herself. Very few, if any, freshmen have ever claimed a state championship. Stephanie lettered this year in basketball.

She was on the high school spelling team which placed third in the district. She was class valedictorian of the eighth grade last year. She was active in grade school sports and literary events and is an active member in the Old Glory Girls and Old Glory Jr. Leader 4-H clubs. Her scores were:

First match—Lakeview: 3-6, 6-0, 7-5.

Second match—Okla Union: 6-0, 6-2.

Third match—La Pryor: 7-5, 6-1.

Beverly Garner and Nancy Vahlenkamp brought home the second State plaque in doubles.

Beverly teamed with Sharon Leverett, won first last year. This is quite unusual to win state two years. Beverly, an outstanding basketball player, served as annual co-editor, FHA president, and class officer. She is a former 4-H member. She is currently annual queen and girl most likely to succeed. In 1962 she was voted most representative by her class. She is a junior honor student.

Nancy Vahlenkamp, also a junior, played on the basketball, served as annual sports editor and is a member of the FHA. Nancy was voted basketball sweetheart this year. She is one of the top 4-H'ers in the state. She is a county gold star girl, and state poultry winner twice. She is a member of the Farm and Ranch Management team heading for the state contest at A & M next month.

High Winds, Rain Bring 1.79" Thurs.

High winds accompanied rain here late Thursday bringing a total of 1.79 inches during several showers lasting through early Friday.

The winds about 9 p.m. toppled several rows of brick from the front of the Albritton building at Southwest Fourth and South Central.

Also damaged was a metal awning on the front of the building at Carl Marrell Chevrolet.

Rains of about two to two and one-half inches were measured southeast of Hamlin.

The scores for their matches were:

First match—Maybank: 6-0, 6-1.

Second match—Vernon Lockett: 6-0, 6-1.

Finals: Eden: 7-5, 6-3.

Old Glory's other representative at the state meet was Larry Quade in the ready writing contest.

Mr. V. R. Leverett and Mrs. Cecil Klump accompanied this group to Austin.

Work Needed on Hamlin Cemetery

Work is needed at the Hamlin Cemetery at this time to finish the annual cleanup that takes place each year at this time.

Miss Lennie Greenway, secretary-treasurer for the Hamlin Cemetery Association, reminds all those interested in the cemetery that their help is needed and greatly appreciated by the association.

Singing Sunday

May 31-June 7
Vacation church school at First Methodist Church.

Miss Greenway Woman of Year

Miss Lennie Greenway was named Hamlin's Woman of the Year for 1964 at the Tuesday evening dinner of the Hamlin Business and Professional Women's Club held at the primary cafeteria.

The identity of the Woman of the Year was kept secret until the meeting. Mr. Tate May, longtime bank associate of Greenway's, walked around the room and revealed the honoree. He presented her with a bouquet of red roses and an inscribed trophy. Miss Greenway was chosen by secret ballot vote of members of all local women's civic clubs.

Miss Greenway, better known to all her friends as Miss Lennie, has been quite active in club, church and civic affairs in Hamlin.

Her career in banking started here in 1918 in the First National Bank. She was named assistant cashier in 1934 when the bank was sold to the Farmers and Merchants Bank. In 1950 she was named cashier and vice president in 1950 and served in that capacity until her retirement in January this year. She is currently a member of the board of the Farmers and Merchants National Bank.

She is a charter member of the B & P W Club and was installed Tuesday evening as president. She is now serving as a member of the Hamlin Memorial Library building committee and is active in the work of remodeling the kitchen facilities at the library building. She is one of the original trustees of the library.

She has been secretary-treasurer of the Hamlin Cemetery Association since 1934.

She is an active member of the First Baptist Church and has been voted a new member in the Hamlin Garden Club.

Mrs. W. B. Britton, retiring president, installed the following officers for the coming year: Miss Greenway, president; Mrs. Lattine Owen, first vice president; Mrs. M. T. York, second vice president; Mrs. Roy Server, third vice president; Mrs. S. C. Hollis, recording secretary.

Meter Connects

Tex Simpson, 244 S. W. 4th, Gary Seay, 116 S. W. 2nd, Dale L. Frost, 1010 S. E. Ave. C.

Mr. and Mrs. Joe F. Ford, Route 1, are parents of a daughter, Sharon Renee, born May 10 at 5:10 p.m. She weighed 7 lbs. 3 oz. The mother is the former Carolyn Sue Dipple of Stamford.

LARRY QUADE NAMED OLD GLORY CLASS VALEDICTORIAN

By JUDY WHITE
Larry Quade is valedictorian and Charles Diers is salutatorian of the Old Glory High School's graduating class.

Larry, the son of Mr. and Mrs. Gellin Quade of Sagerton, has an average grade of 94. He has had the highest average grade in high school for two years. In 1962 he was voted most talented by his class and this year was voted boy most likely to succeed by the entire student body. He attended the recent state U. I. L. meet in ready writing and in 1962 was third in state prose reading. For the past ten years Larry has played in the National Piano Auditions. He attended the speech workshop held at the University of Texas for two years and received a trophy in poetry interpretation in 1963. He served as annual co-editor.

Charles, the son of Mr. and Mrs. E. H. Diers of Old Glory, has an average of 85.3. Charles was a member of the high school basketball team for 4 years. He was voted most attractive for two years. He played tennis and was a member of the U. I. L. science team in 1963. He served as annual

cording secretary; Mrs. Opal Smith, treasurer.

The program was under the direction of the legislative committee with Mrs. R. D. Moore as chairman. She was assisted by Mrs. Don Hymer and Mrs. Joe McCrary.

Guests included Mr. and Mrs. May, Mrs. Joe League, president, Woman's Forum; Mrs.

Jack Vaughan, president, Fifty-two Study Club; Mrs. Donley Williams, president, Woman's Literary Club; Mrs. Tarlton Willingham, president, Hamlin Garden Club; Mrs. B. B. Colwell, incoming president, Garden Club; Mrs. Carl Young, Friendship Home Demonstration Club; Mrs. Wilson Brannon, Beta Sigma Phi.

DR. RICHARD KIM TO SPEAK TO HHS GRADUATING CLASS

Dr. Richard C. C. Kim, chairman of the department of political science at Hardin-Simmons University, Abilene, will be commencement speaker for the graduation exercises Monday 25 at 8 p.m. in the high school auditorium.

Dr. Kim, a native of Hawaii, was graduated from Baldwin High School there in 1941. He received a B. A. degree from Oklahoma Baptist University in 1956 and a M. A. degree from University of Oklahoma in 1958. In 1963 he received a Ph. D. degree from University of Oklahoma.

He taught in University of Oklahoma from 1958 to 1961. He was previously supervisor of American Can Co. in Hawaii from 1945 to 1953.

He is married to the former Frances Mineko Tokunaga. They have three daughters, Toni, Linda and Jacque.

He is a member of the First Baptist Church in Abilene. Baccalaureate services will

DR. RICHARD KIM
... commencement speaker

be held Sunday, May 24, at 8 p.m. in the high school auditorium with Thomas E. Cudd, minister of the Hamlin Church of Christ, bringing the message.

AUTO LICENSE FEES PUT COUNTY BUDGET IN BLACK THIS MONTH

With the exception of the county law library fund, there is money in every account, Jones County commissioners learned Monday when they received their monthly financial report from County Auditor Carl Savage. The law library fund is \$343.65 overdrawn but is \$42.50 better off than at the first of the previous month.

Commissioners Precinct 2, which has been running in the red for the greater part of the last two years, has a balance of \$14,420.25, with an additional \$3,372.11 in the Lateral Road Fund.

Precinct 1 has a balance of \$38,034.97; Precinct 3, \$26,376.89; Precinct 4, \$28,469.60. The general fund shows a balance of \$46,136.92.

The more favorable financial picture was made possible by payment of automobile license fees.

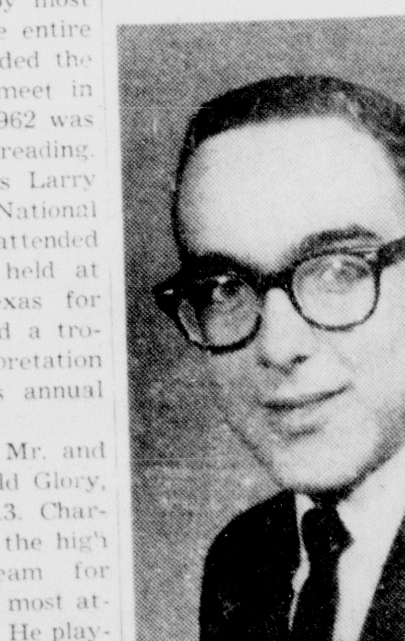

The commissioners approved purchase of a water cooler for the county jail and set June 16 as date when the court will sit as an equalization board.

Judge Leon Thurman explained that this day was set for hearings on oil and utilities valuations and expressed hope that hearings on real estate could be held at the same time. McMorries and Co. of Amarillo are preparing a tax valuation survey of the county and this report is not due until Aug. 1.

The judge said notices of new tax valuation will be mailed to all property owners in the county.

Members of the commissioners court planned to tour the county jail Monday afternoon. Sheriff Dave Reyes has, on previous occasions, asked that he be supplied some new office equipment.

Mr. and Mrs. Jerry Williams, Mike, Patti and Monte, visited in Lubbock this week end with her brother and family. Mr. and Mrs. Bo Shedd, they joined with their sister, Mrs. Lonnie Waters and Mr. Waters in honoring their mother, Mrs. Willie Mae Shedd at a Mother's Day dinner in the Water's home.

MARK SMITH WINS LAKEVIEW GOLF TOURNEY HERE SUNDAY

By John Shields
Reporter News Sports Writer

Hamlin's talented Mark Smith had to battle a strong wind and an over-abundance of auge here Sunday in winning the Lakeview Invitational Golf Tournament over Anson's Hagan Edmonds, 1 up in 19 holes.

Smith was runner-up to Mark Melson last year in the tourney and wasn't to be denied the win this season. The ex-Hamlin High School links star and University of Texas freshman journeyed from Austin just to participate in the tourney.

Edmonds and Smith were even through the first two holes as each bogied the par 4 first and came back with birdie on the 525-yard par 5 second. Edmonds missed his first putt by only two inches which would have given him a three on the hole.

At the next hole, Edmonds sank another birdie while Smith made the hole in par 4. This put Edmonds 1 up on the

lanky youth, but it didn't last long as Smith shot par on the fourth while Edmonds was one over.

Smith had a bogie on the par 4 fifth to fall one behind.

He then sank a 10-foot putt on the sixth for a birdie to even the match once again.

Both golfers bogied the par 5 seventh after missing almost identical putts by only an inch. On the following three holes the pair had bogies for each, missing again putts that were only an inch from the cup on the 10th.

At the 11th Edmonds was par and took a one hole lead. Both bogied the 12th, 13th and 14th holes.

They parred the 335-yard 15th by making the distance in four strokes.

The 16th was the turning point for Smith as he posted a birdie 4 to even the count for the first time since the 11th.

Edmonds failed to par the 17th and Smith gained the lead. Continued on Page 6

WINS LOCAL GOLF TOURNEY — Mark Smith of Hamlin, student at the University of Texas, won first place in the Lakeview Invitational Golf Tournament here Sunday. He beat Hagan Edmonds of Anson 1 up in 19 holes for the title. (Photo and engraving courtesy of Abilene Reporter-News)

By Vern Sanford
Texas' boom in man made lakes has opened many new frontiers for the outdoorsman. But perhaps the least-known pastime of all is skin diving.

This is a fascinating sport and one that is learned easily. It opens many new and exciting hobbies, such as spearfishing, underwater photography or just exploring along the floor of the lake.

Although interest in skin diving has grown tremendously

CARD OF THANKS

I would like to thank each one for flowers, cards, visits, calls and prayers during my illness. I'm so thankful for friends. May God bless each of you is my prayer.
Mrs. Pearl Matthews. 30-1p

an instructor. Several skin diving clubs have been formed in Texas and most of the major cities have one.

Before you even think about taking up skin diving, consider your physical condition. Age is seldom a factor but people with heart or chronic respiratory ailments should not become skin divers. It is a rather rigorous sport and should be attempted only by people in reasonably good health.

Skin diving is governed by several easily learned common sense rules. Perhaps the most important piece of advice a beginner should remember is never dive alone. Skin diving is safer and a lot more fun when the buddy system is used.

Once you have mastered the basic diving techniques, a whole new world will be opened to you.

Perhaps your cup of tea is spearfishing. This is a fascinating sport which requires stealth and a good shooting eye. In a way, it is hunting underwater. Texas permits only the taking of rough fish like gar and carp by skin diving.

The diver is equipped with a spring - type gun which drives a spear with tremendous force. Flipping quietly through the water, the diver approaches as close as possible to his quarry, aims and lets fire.

After your elementary education in nearby lakes, maybe you would like to try something bigger and more demanding. Many inland divers head to the coast occasionally to try their skill at spearing the salt-water species.

A favorite sport for hunting is around one of the many oil wells lying off the Texas coast. Often the diver will find a huge jewfish lurking there.

A diver who tangles with a 200-pound-plus jewfish will have a real tussle. Several divers often team up to try and bring these huge fish to the surface.

Divers are called on occasionally to aid in underwater

searches. They look for valuable articles which have been accidentally dropped into the water. Also for the bodies of drowned persons.

Sometimes parties are organized to travel to far-away places — like the coast of Mexico, Florida or the Bahamas — to explore colorful underwater reefs.

Anyway you take it, skin diving is a fascinating, exciting pastime.

Humble Sponsors 25 Scholarships

HOUSTON — As part of its program to promote traffic safety, Humble Oil & Refining Company will sponsor 25 scholarships for Texas law enforcement officers to attend a special police-training course May 11-22 at Texas A&M University, it was announced today.

This is the third year in succession that Humble has sponsored a training course at the Texas school.

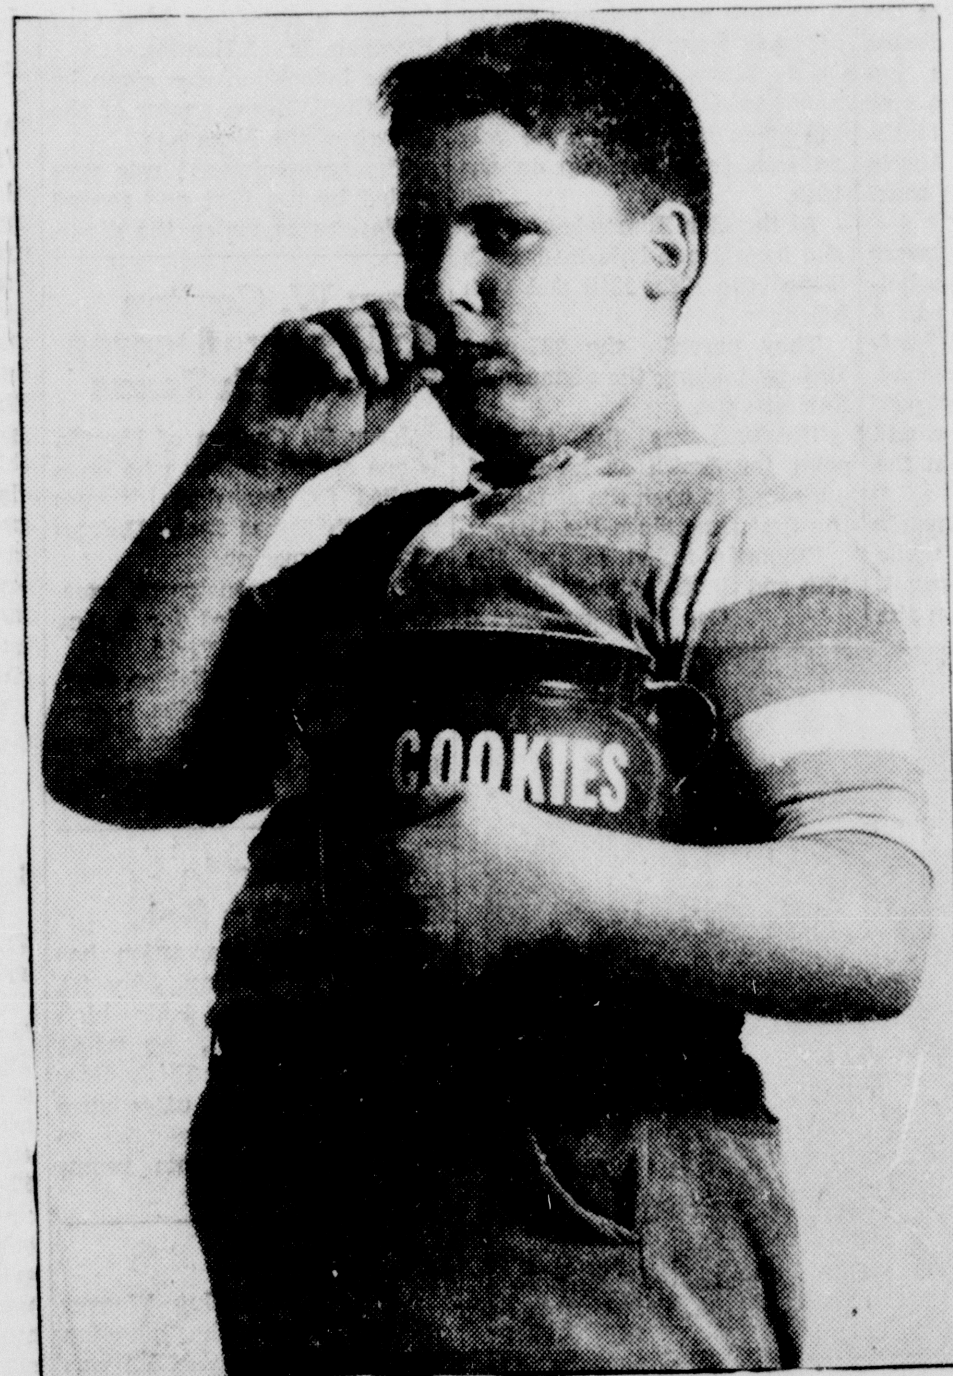

The scholarships will be made to command, staff, and supervisory personnel of state law enforcement departments in Texas. Recipients of the awards will be selected by Texas A&M University.

The course this year, "Supervision of Police Personnel," will be coordinated and conducted by The Traffic Institute of Northwestern University. Instructors include Institute staff members and representatives of the International Association of Chiefs of Police.

Humble has cooperated with The Traffic Institute for 10 years in the sponsorship of police traffic training programs at leading universities. The chief objective of the program is to help raise the efficiency of street and highway transportation, thereby helping reduce traffic accidents.

After four months in office, President James A. Garfield was assassinated by a man whom he refused to appoint to office.

What are you doing about your son's nickname?

There's no excuse for the overweight, out-of-shape youngster—boy or girl—and the embarrassing nicknames they come by. Regular, vigorous exercise can help change fatness to fitness. What about your school's physical education program? Insist on a daily 15-minute session of honest exercise. For more information, send for the free leaflet from the President's Council on Physical Fitness, Washington, D.C. 20548.

SPECIALIST WARNS OF NEED TO CONTINUE 'WORM' FIGHT

COLLEGE STATION — The it sank. Livestock producers for possible screwworm cases "Titanic" was unsinkable, but must continue to keep a watch or the entire screwworm erad-

We drove 3,243 miles to make a point about our Super Turbine transmission

You can do it on the way to the grocery store

Would we drive a Buick with a Super Turbine transmission* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run? Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super Buick Motor Division

ication program may go the way of the "Titanic," warns Weldon H. Newton, assistant entomologist for the Texas Agricultural Extension Service.

As many cattlemen will testify, the screwworm eradication program is proving to be one of the most worthwhile efforts ever put forth by the livestock industry, but critical days do lie ahead.

Reports being received from across the state show that too many producers may be relaxing their vigilance. Because of the tremendous success of the program, cattlemen are letting many wounds and cuts go untreated. Many producers seem to feel the screwworm is a thing of the past. Newton says, but this is not so. There is still much work to be done. One undetected or untreated case in an area can result in a population explosion of the pest which could get out of hand and reinfest large areas of the state, causing a tremendous setback to the program.

Another fallacy which a few producers believe is that they can accurately distinguish between blowfly maggots and screwworms, and do not bother to collect and submit larvae to screwworm officials. One point to consider: even trained technicians rely on the microscope for positive identification of the maggots.

Every livestock producer should do his utmost in helping protect the investment in the screwworm eradication program, says Newton. He recommends that all wounds be protected until they heal by using a preventative smear such as EQ 335 or Smear 62 or preventive sprays of 0.25 percent Cor-Ral or 05 percent Karlan following any working of the livestock from which open wounds result.

R. J. Fleckenstein Completes Course

MEMPHIS, TENN. — Ronald J. Fleckenstein, aviation fire control technician airman, USN, son of Mr. and Mrs. Joe Fleckenstein of Hamlin, Tex., completed the Aviation Fire Control Technician Bomb Director Course May 8 at the Naval Air Technical Training Center, Memphis, Tenn.

The 12 week course which included instructions in the fundamentals of aviation fire control and airborne bomb director systems also included synchronization of control systems, optics and ballistics and airborne fire control radar.

Fleckenstein, who entered the service in April 1963, attended North Texas State University, Denton, Tex.

THE HAMLIN HERALD

PHILOSOPHER HAS NEW SYSTEM FOR MAKING THINGS HUM FASTER WITH TIME PAYMENTS

Editor's note: The Neinda Philosophor on his Johnson grass farm on Route 1 takes a look at the economy this week. We're not sure what he sees.

I have often heard that economists break out in a cold sweat at the thought of everybody's suddenly becoming thrifty, that if people adopted the old-fashioned methods of paying cash or doing without, the wheels of industry would grind to a halt, on account of the whole system of manufacturing and selling is geared to installment buying, from washbats to roller skates, dishwashers to fishing tackle, automobiles to summer vacations, but I have a notion they're worrying over nothing. People are going to start paying cash about the same time Washington does, which leaves the future unlimited. Modern man does everything from fighting wars to getting married, if there's any difference, on credit.

What got me to thinking a-

bout this was an advertisement I read in a newspaper last night announcing the price of a new car which is generally admitted to be a few notches ahead of the two more popular brands in power and stature. This car, the ad said, costs just \$7 a month more than the lower-priced cars. That's all the price it gave, no mention of the total.

This seems to me to be the perfect answer to the people who claim to be staying up nights worrying about the national debt. The government ought to stop reporting the national debt is 115 billion, or is it 300 billion, I forgot. I have no hand for details. What it ought to say is the national debt will be increased this year, if it has to be increased, by \$2 per week per man. What's two dollars? Nobody can stand that. Who'd stay up all night tossing and turning over two dollars?

My only complaint is that installment buying isn't ex-

ways it could be used to stimulate buying even more.

For example, I have long contended that if the government would let the post office sell me a \$50 money order on the installment plan, and I could use that to make the downpayment on a \$250 item out of a mail order catalog, I could make the economy hum even faster. I don't know why the government is asleep on this splendid idea.

Yours faithfully, J. A.

INSTALLATION OF OFFICERS HELD BY GARDEN CLUB FRIDAY

The Hamlin Garden Club closed the club year Friday afternoon at the stated meeting in the home of Mrs. Fred B. Moore Sr.

Retiring president, Mrs. Tarlton Willingham, conducted the business session. Miss Lennie Greenway and Mrs. Bob Solomon were elected to membership in the club.

Mrs. Edgar Duncan presented the program, "Caladiums and Coleus". The coleus was described as coming from the mint family, suitable for growing inside or outside in potting soil or water cuttings for new roots should be started in August.

Caladiums are available in (50) fifty varieties and should be started indoors and moved outside after warmer weather.

The flower show report was given by Mrs. Joe L. League. A total of 221 exhibits were entered in the show.

Mrs. Willingham installed the officers for the ensuing year using red roses as the symbol of love in the club's work, stating that roses exemplified love to one another which accounts for the cooperation, generosity and loyalty so evident in the club activities.

The following officers were installed: president, Mrs. B. B. Colwell; first vice president, Mrs. John Ed Day; second vice president, Mrs. La Foy Patterson, recording secretary, Mrs. S. L. Tate Jr.; treasurer, Mrs. R. D. Moore; corresponding secretary, Mrs. Edgar Duncan; reporter, Mrs. Joe L. League; historian, Mrs. C. G. Green; librarian, Mrs. J. P. Morgan; parliamentary, Mrs. Tarlton Willingham.

Mrs. Colwell appointed the following standing committees:

State and national projects: Mrs. Joe L. League, Mrs. Tarlton Willingham, Mrs. Fred Carpenter.

Notification—Mrs. P. A. Fowler, Mrs. L. B. Williams. Membership—Mrs. Arlie Cassie, Mrs. Dick Maberry, Mrs. Edgar Duncan.

Horticulture—Mrs. D. B. Sauls, Mrs. C. G. Green, Mrs. Revis Robertson.

Arbor Day and Garden Therapy—Mrs. R. D. Moore, Mrs. W. B. Britton, Mrs. A. E. Johnson.

By-Laws—Mrs. Fred B. Moore Sr., Mrs. E. M. Wilson.

Conservation—Mrs. Harold Bonner, Mrs. S. T. Hoffman, Mrs. B. H. Gardner, Mrs. Bob Solomon.

Civic Beautification—Mrs. John Ed Day, Mrs. Glenn Simon, Miss Lennie Greenway.

Program and Yearbook—Mrs. La Foy Patterson, Mrs. C. F. Cook, Mrs. S. L. Tate.

Pilgrimage—Mrs. J. P. Morgan.

Flower Show Chairman—Mrs. M. T. York.

Junior Garden Club—Mrs. Richard Young Jr.

The club elected the following delegates:

Conventions—Mrs. B. B. Colwell, Mrs. M. T. York.

The Women's Forum—Mrs. Dick Maberry.

Hamlin Foundation—Mrs. R. D. Moore.

Plantings at Primary School building will continue as a project of the club. At this time the club has planted eight wax leaf ligustrums, two Italian Cypress, one variegated euonymus, chrysanthemums and irises.

Call your news to the Herald.

New VFW Officers Installed Tuesday

The Veterans of Foreign Wars and the Ladies' Auxiliary met Tuesday evening, May 5, for the installation of officers.

Past Commander Vernon Ely installed Carl Green as post commander Hamlin Post 9014. Mrs. Cleo Perryman, a past president, installed Mrs. Carl Green as president of the auxiliary. Mrs. Green, who was re-elected, was presented a president's pin by Mrs. Perryman in appreciation of the work done in 1963-64.

A buffet dinner and refreshments were served. Mr. and Mrs. Murry Schroeder and two sons from Stamford Post 9179 were guests.

Visitors in the home of Mr. and Mrs. Carl Bingham over the week end were their daughters, Linda and Joyce of West Texas State University at Canyon and a friend Judy Weathers also of WTSU.

"Keep cool with dairy foods, summer's hottest values" is the theme of the 1964 June Dairy Month observance, industry leaders have announced.

Mrs. Guy Weaver Honored with Baby Shower Monday

Members of the Beta Theta Chapter of Beta Sigma Phi Sorority surprised Mrs. Guy Weaver with a baby shower Monday evening in the home of Mrs. Billy Joe Wilson.

The centerpiece was a cake in the shape of a baby buggy. Mrs. Jack Willingham was in charge of the entertainment telling a story using a poem brought by each guest about a baby or little boy.

Hostesses with Mrs. Wilson were Mrs. W. A. Hawkins and Mrs. Duane Stallcup.

Mrs. T. W. Flenniken, Clyde, and Mrs. Mack Shurbet returned last week from Dallas where they went for Clyde to have thorough check-ups by several specialists. He received new braces and very favorable reports from other doctors, including a neuro-surgeon.

Social Security Card Needed for Summer Workers

"Every student who is getting a summer job or graduating from school this year should get his social security card now," said R. R. Tuley, Jr., social security district manager in Abilene.

Many employers will not hire a student unless he already has a social security card. Students who do get jobs show the card to the employer so that the name and number may be copied correctly. This is important because social security tax money must be credited to the correct record.

Duplicate cards will be issued to students who have had cards but have lost them.

Cards may be obtained at the local social security office, 203 Fannin Street, Abilene. Students living in a town without a social security office can get application blanks at their post office.

May is salad month. So when you pick the best greens in the market, it's important that they are stored correctly. Any surface dirt should be removed before placing the greens in the refrigerator. If washing seems necessary, be sure and drain all excess water off before storing in crisper, food bags or wax paper. Lettuce keeps longer if the head is kept intact until meal preparation time. Then separate the leaves needed for a salad, wash in cold water, drain excess water off so dressing can cling to the leaves.

Many greens lend themselves to a tossed salad.

Four Neinda Grads Honored with Tea In William's Home

Four senior girls of the Neinda Baptist Church who are members of spring graduating classes were honored Wednesday, May 6, at a tea in the home of Mrs. Donley Williams from 7 to 8 p.m.

The honorees were Gloria Hardy, daughter of Mr. and Mrs. A. D. Hardy, a graduate of McCaulley High School; Cheryl Brown, daughter of Mr. and Mrs. John R. Brown Jr.; Phyllis Scarborough, daughter of John Scarborough; and Polly Jackson, daughter of Mr. and Mrs. Stanley Jackson, all graduates of Hamlin High School.

In the receiving line were Miss Hardy, her mother, Mrs. Hardy, and her grandmother,

Mrs. J. H. Cook; Miss Brown, her mother, and her grandmothers, Mrs. John R. Brown Sr. and Mrs. A. C. Cox of Anson; Miss Scarborough and her grandmother, Mrs. Bertha Gregory; Miss Jackson, her mother, Mrs. Jackson, and her grandmother, Mrs. J. E. Bagley of Abilene.

Green and white decorations were used and the colors were carried out in the refreshments of cake and punch.

The table was covered with a green cloth. Crystal and silver appointments were used.

Members of the houseparty were Nancy Brown, Cindy Stephens, Sharon Wheat, Debbie Scarborough and Reba Jackson.

Hostesses with Mrs. Williams were Mmes. Jackie Williams, Jerry Williams and Frank Codington of Abilene.

Phebean Class Meets Thursday With Mrs. Perryman

The Phebean Sunday School Class of the First Baptist Church met Thursday at 9 a.m. for a business meeting and social at the home of Mrs. W. R. Perryman.

Hostesses with Mrs. Perryman for the 42 party on the patio were Mrs. L. B. Maberry and the class teacher, Mrs. Albert Haight.

Mrs. Haight gave the devotional. Others present were Mmes. Odie Mallmark Sr., Elmer Brewer, Melvin Rhoton, Robert Christian, W. H. Dean, A. G. Miller, Mrs. Johnnie Agnew, D. O. Waymire and Amos J. Pemberton.

Mrs. Velma Wishert was a visitor.

Mrs. Joe League Speaks to Beta Theta Sorority

Beta Theta Chapter of Beta Sigma Phi met in the home of Mrs. Fred B. Moore Jr. Wednesday afternoon, May 6.

Mrs. Joe League was guest speaker. She spoke on flower arrangements for the home, displaying several arrangements and describing size and placements for each.

The business session was conducted by Mrs. Wilson Brannon. It was voted the Beta Theta in cooperation with Xi Gamma Phi would sponsor the West Texas Rehabilitation Center as the State Project for Beta Sigma Phi.

Installation of officers will be May 20, in the home of Mrs. W. T. Johnson.

Call your news to the Herald.

Former Resident Named to Take Part In Science Research

Stephenville (Spl) — Jackie R. Foster, senior mathematics major at Tarleton State College, has been named one of the six chosen to take part in the National Science Foundation undergraduate research participation program.

He was selected from among 54 applicants. Selection was based on scholastic standing, previous work experience, and interests. Appointees will be assigned to research programs which parallel their interests.

Foster is the son of Mr. and Mrs. Jack C. Foster of Delton and a 1957 graduate of Hamlin High School. He expects to receive his B. S. degree in mathematics from Tarleton in January.

He will begin the 10-week

program June 15 at Texas A&M University. His field of study in the program is Oceanography. Foster has had experience in oil exploration and operation of underwater gravity meters and computation of gravity data.

Most of his work at Texas A&M will be done on the campus, but some will be from an oceanographic vessel.

A weekly public service feature from
the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

AUSTIN Can you get food poisoning from frozen food? If frozen food thaws out, should it be destroyed? Can you refreeze meat that has thawed out?

These questions persist although frozen foods have become an integral part of modern living. But properly stored, handled and prepared, frozen foods will serve you and your family well.

Food poisoning, originating from frozen foods, is a rarity. Processors are careful to prepare and freeze their products at the peak of freshness, insuring that bacteria are at a mini-

has been. If the temperature went no higher than 45 degrees, the foods may be maintained at this level safely for several days but should not be refrozen.

Is it ever safe to refreeze meat that has thawed out? Refreezing meat is permissible if the meat was fresh at the original freezing and if it was thawed for only a short period. There may, however, be some degrading flavor and quality with the second freezing. The risk in refreezing cured or smoked meats is greater. These meats may be slightly spoiled even though there is no discoloration, off-color or other signs of spoilage.

Can you tell about the quality of frozen food by looking at it? Loss of quality resulting from improper handling or extended storage — is usually indicated by loss of flavor and color. (This is particularly true of vegetables.) Orange juice, as it deteriorates, tends to separate and settle out rapidly when reconstituted. Cream sauces appear curdled and the liquid begins to separate.

To preserve the quality of frozen foods, store them at the lowest possible temperature, and when you transport them from the store to your freezer, do so as quickly as possible. Rising temperatures cause chemical changes which influence the food's flavor and quality.

(A weekly feature from Public Health Education Division Texas State Department of Health.)

IT'S TRADE 'N' TRAVEL TIME AT YOUR CHEVROLET DEALER'S

THE GREAT HIGHWAY PERFORMERS—Models shown top to bottom: Corvette Sting Ray, Corvair Monza Spyder, Chevy II Nova Super Sport Coupe, Chevrolet Malibu Super Sport, Chevrolet Impala Super Sport.

Five different lines of cars—forty-five different models to choose from. Come early and trade great!

Now that spring's in full swing, you'll find new Chevrolets perfect for picking.

Luxury—First, there's the big Jet-smooth Chevrolet. Sumptuous and soft riding. Over 700 sound stoppers throughout the car to blot out noise. Interiors luxuriously done up in the newest and softest vinyls.

Trade what you're driving for one of these, and you won't want to trade seats with anybody else on the road.

Spirit—Next, Chevrolet. The beautifully in-between size car that combines small car handling oomph with big car comfort. Eleven different models that you can equip with just about any extra-cost option you can imagine. No place to go this summer? Get a new Chevrolet—you'll think of something.

Economy—Chevy II—the car that takes to inexpensive vacations naturally. It just goes and goes, and where it stops nobody knows. Eight models to pick from, including wagons with enough room to swallow up an eight-foot Christmas tree. (Plan ahead, we always say.)

Fun—Then there's Corvair. The fun one with the engine in the rear for unbelievable traction. Spring mud, summer sand, winter snow—nothing stops it.

Corvette. The enthusiast's car. Sting Ray Sport Coupe and Convertible. Still America's only true sports cars. They do for your driving what holidays do for kids.

Performance—And with any new Chevrolet you choose, you can pick from a wide range of standard or extra-cost high performance engines.

Either way, whether you've got some place special to go this summer or not, when you trade for one of Chevrolet's five great highway performers—you'll travel!

PAGE SIX

Hamlin, Texas, Thursday, May 14, 1964

GOLF—

Continued from Page 1 for the first time since the match began.

But on the 18th Smith put his tee shot out of the fairway and did likewise on his second shot by over-shooting the green and landing on the opposite side. As a result Edmonds had a par - 4 and Smith a double bogie to send the contest into an extra hole of play.

On the tee off on the extra hole, Smith fired into the rough again. But he blasted his second shot on the edge of the green ahead of Edmonds' and sank a five foot putt for par while Edmonds had to settle for a 5 on the hole after missing a putt by six inches.

A quarter of a million people were made homeless in San Francisco in 1906 as a result of the fire following an earthquake.

New S&H Green Stamp Catalog Now Available

A new 1964 S&H Green Stamp "Ideabook", displaying nearly 1700 items of merchandise, is now being distributed here.

The new edition of the catalog, published annually by the Sperry and Hutchinson Company, is available locally to shoppers at Piggly Wiggly, Simpson Food Store, Robertson Service Station, Hastings Texaco, Cooper Texaco, Bishop Flowers and Adams Fina Station, and other area stores distributing S&H Green Stamps, according to Artie Carver S&H Sales representative.

Again this year, as has been true for the past several years, the 68-year-old trading stamp firm's catalog printing order is the largest single printing order of any publication in the U. S., and will be made available to the more than half of all U. S. families who save S&H Green Stamps. Carver stated. A recent survey indicates that over 80 percent of the nation's households presently save trading stamps for redemption.

Approximately 35% of the products show in the new Ideabook represent new and improved merchandise, the S&H representative said.

More than 600 of the nation's leading manufacturers and suppliers of brand name merchandise, representing some 75 different industries, have products shown in the catalog, according to Carver.

The back cover of this year's Ideabook features information on the S&H Group Savings Plan. By the pooling of stamps, charitable and non-profit groups may redeem stamps for such special equipment as station wagons, fire engines, school busses and ambulances.

Call your news to 4-1606.

In the first eight months of this fiscal year, U. S. agricultural exports totaled more than \$4 billion; exports for the year exported to reach \$6 billion. Strong gains have been registered by wheat, cotton and feedgrains. Poor harvest abroad last year were a major cause for the upswing.

Consumer spending for food in 1964 is expected to increase by more than 3 percent gain of a year earlier. Gains also are expected in domestic spending for textiles and other farm products. Population gains, higher incomes and a prospective increase in retail prices all contribute to the gain.

U. S. Imports of all red meats in January-February 1964 totaled 186.7 million pounds, 13 percent less than the same period in 1963. Beef imports were 11 percent lower; pork imports were about the same; lamb imports were down 22 percent and goat meat imports were down 51 percent, according to the USDA.

Texas sheep producers received \$23.1 million from the sale of sheep and lambs during 1963, according to the Texas Crop and Livestock Reporting Service. Swine producers of the state last year received \$38.4 million from the sale of hogs.

OLD GLORY...

By JUDY WHITE

Baccalaureate service for
Old Glory Rural High School
has been set for Sunday, May
17, in the school cafeteria.
Rev. Jack Key, pastor of the
Sweet Home Baptist Church
of Rule will be the speaker.
Special music will be provided
by Tate and Helen Hogan and
their daughter, Sharon, of Abi-
lene.

High School commencement
will be held in Thursday, May
21. Speaker will be Leroy Hav-
erlah, Jr., Haskell County
Child Welfare officer. Larry
Quade will deliver the valedic-
tory address and Charles Diers
will speak as salutatorian. A
special song will be provided
by three members of the Junior
class, Nancy Vahlenkamp, Be-
verly Garner and Marilyn
Flow. Mrs. Henry Pumphrey
will be the pianist for both oc-
casions.

Mrs. Emma Gerloff was hon-
ored by a large group of re-
latives and friends on her 89th
birthday at a party hosted last
Sunday by her daughter-in-law,
Mrs. Katie Gerloff. Those at-
tending were Mr. and Mrs. Ray-
mond Gerloff of Abilene, Mr.
and Mrs. Jackie Gerloff of
Odessa, Ronnie Gerloff and Mr.
and Mrs. Eugene Gerloff of
Lubbock, Mr. and Mrs. August
Balzer, Mr. and Mrs. Will Steg-
emoeller and Mrs. Ella Nien-
est all of Sagerton, Mr. and
Mrs. Beno Hertenberger, Mr.
and Mrs. W. G. Wienke, Mr.
and Mrs. Herbert Klump, Mrs.
Tillie Dippel and Mrs. John
Neumann and Linda and Be-
verly.

Last Friday was picnic day
for Old Glory School. The first
four grades went to Fair
Park in Abilene. Grades five
through eight went to Lake
Stamford. High school students
enjoyed the day at Cisco Lake.

Welcome rains fell over the
Old Glory community last
Thursday. Two and one-half
inches were reported. High
winds accompanied the rain but
no serious damage was done.

Mrs. J. B. Pumphrey Sr. left
last week for New York City
where she attended the World's
Fair prior to sailing for Europe
where she will tour several
countries. She expects to land
at Bremerhaven, Germany, a
seaport at the mouth of the
Weser River in northern Ger-
many. If she can contact them,
she will visit two Old Glory ser-

vice men who are stationed in
Germany. They are Airman 2C
Noel Keith Newman, son of
Mr. and Mrs. J. F. Newman
who is stationed at the U. S.
Air Force Base at Bramerhav-
en, and Pvt. Melvin Vahlen-
kamp, son of Mr. and Mrs. W.
H. Vahlenkamp, stationed at
Bremen, Germany.

Mrs. Lynn Flowers and her
sister, Mrs. Jack Fuqua, of
Stamford visited their sister's
family, the E. L. Hinsons, in
Waco last week.

Visitors in the home of Mr.
and Mrs. Herman Letz last
Sunday were their son and
family, Mr. and Mrs. Marvin
Letz, and Freddie of Haskell.
Sandra Letz, a student at Abi-
lene Christian College and Mr.
and Mrs. Kent Denton of Abi-
lene.

Maj. Glen T. Johnson and
daughters, Celia Ann and Jen-
nifer of Wichita Falls visited
with his parents, Mr. and Mrs.
B. R. Johnson last Saturday.

Beta Chi Chapter of the Del-
ta Kappa Gamma will meet
next Saturday in Old Glory.
Thelma Smith will be installed
as the new president.

4-H
The Stonewall County 4-H
Poultry show will be held on
Wednesday, May 20, at the
Livestock barn.

On Thursday, May 21, the
Stonewall County Girls Fair
will be held in the Aspermont
School Homemaking cottage.

THE MINISTER SPEAKS—

'THE GOOD SHEPHERD'

By JOHN BURLISON
Pastor Calvary Baptist Church
John 10:1-5

In olden days a group of Turkish soldiers tried to drive away, and were being successful in doing so, a herd of sheep belonging to this Jewish shepherd, while he slept in the cool shade. When awakening, he the shepherd, realizing what was happening he was almost

in a state of panic. Realizing that he could not attack a company of enemy soldiers alone. Finally, as realizing the meaning of the scripture under consideration, John 10:1-5.

1. Verily, verily, I say unto you, He that entereth not by the door into the sheepfold, but climbeth up some other way, the same is a thief and a robber.

2. But he that entereth in by the door is the shepherd of the sheep.

3. To him the porter openeth: and the sheep hear his voice: and he calleth his own sheep by name, and leadeth them out.

4. And when he putteth forth his own sheep, he goeth before them, and the sheep follow him for they know his voice.

5. And a stranger will they not follow, but will flee from him: for they know not the voice of strangers.

He ran along on one side of the ravine and putting his hands to his mouth and with the familiar call of the true shepherd's voice made the peculiar call. The sheep heard the call of the shepherd, and listened for a little while, then hearing the call very plainly, they left the stranger, and came running across the ravine to the master shepherd. He was able to regather his sheep into his safety before the enemy could cross over the ravine and come after them.

So it is with the children of God, we may be sometimes driven off into sin by the devil who is an enemy to God, but when the True Shepherd calls, the sheep will return to the master Shepherd, only those who are pretenders through some other source than Christ Jesus will continue on with the stranger, the devil. Christ is the True Shepherd, we are the sheep. Satan and his false religions are those trying to steal the sheep.

Do you know the master Shepherd's voice?

County Issues Less Marriage Licenses This Year Than Last

Blame it on the weather, or anything else you choose, for some reason or other fewer people are getting married this year than last—at least marriage license records in the office of County Clerk Ray Thorn say this is true in Jones County.

For the first four months of 1964, a total of 60 licenses were issued and many of these went to couples who reside outside the county. For the same four months last year this total was 77—a drop of 22 per cent.

Two licenses were issued last week. One of these went to Darrell Lee Cain and Carol Louise Tilotta of Abilene, and the other to Herman Rodriguez.

Elisha Gray of Chicago and Alexander Graham Bell of Boston, acting independently, both applied for patents on the telephone on the same day in 1876.

"YOU TOOK MY PICTURE... AND I WASN'T READY!"

How concerned we are with the image we present to others! And it is right that we should be. How mightily we influence others. It is so important that the self we present is one that will influence others for good.

With guidance from God we will be ready to present ourselves to the world in such a manner as to sway others toward God and all that is worthwhile and good.

"That ye might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God," come to His Church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HERALD TAKING PART IN PARKER PEN PENFRIEND PROGRAM

The Hamlin Herald, as the Parker Pen dealer for this area, is participating in the Parker International Penfriend Program by distributing application blanks to those who wish to take part in this world-wide correspondence program.

Names of people in 135 countries who want to correspond with Americans are being collected. At the New York World's Fair these names will be fed into a huge computer where they will be matched with the names of Americans who would like to correspond with people overseas.

Dan Parker of Parker Pens says this is one of the simplest and least expensive ways of promoting people-to-people friendship.

The information blank has a place for the people to fill out the language they will be corresponding in, the area they prefer to correspond, their age

from under 12 to over 60, their sex and their choice of 389 subjects of social interest preferences or they may check the general interest category.

Parker penfriend program is in co-operation with the People-to-people program. Headed by former President Dwight D. Eisenhower. It gives the average person a chance to have a small part in promoting a better understanding among peoples of the world about correspondence between persons of all nations. In this way the goal of the project to serve the cause of world peace may be better realized.

A representative of the Parker Pen Co. said last week that the applications from other countries were coming in at a rate of 10 foreign applications to one American application.

Many more American applications will be needed in order to match those of foreign coun-

FAIRVIEW NEWS

By MRS. ELMER JOINER

The world looks much brighter this Monday morning, since a good rain fell last week and no hail with it, as had been feared. Cotton planting will be in full swing now as soon as the ground dries, also wheat harvest will begin about the last of the week, so farmers will all be very busy for a short time.

Mrs. Woodrow Goodwin spent from Monday until Wednesday of last week in Hendrick Hospital in Abilene, undergoing extensive tests. This time she is feeling better, but will not know what the outcome will be for a few days.

Mr. and Mrs. H. L. Ford are grandma and grandpa, as of Sunday, when a little daughter was born to their son, Mr. and Mrs. Jody Ford, in Hamlin Hospital.

George Wainscott left Friday for Indiana, to visit with his son, Weldon, who has been ill. A call this morning says he arrived safely and the son seems improved.

Mrs. George Wainscott and Mrs. Raleigh Bond went to Abilene last Thursday where Mrs. Wainscott grandson, Steve Peters, Stamford, had a tonsilectomy. He is doing fine and is back home again.

A very befitting and lovely Mother's Day program was given in Sunday School at the devotional period. It being the young people's day to bring the devotional, Mrs. Leverett, teacher, had charge of the program, using more than the young people. Rev. Leverett gave a beautiful tribute to the mothers in his sermon. Those receiving corsages were: Mrs. Joe Ford, oldest mother present; Mrs. Kenneth

tries. Many churches used this method in connection with their mission program and schools are using the opportunity to further their foreign language program according to the representative.

The free application blanks are available at the office of the Hamlin Herald. These should be picked up and mailed soon. The Parker Company will be trying to get all the names matched before the closing of the 1964 Fair.

Leverett, youngest, and Mrs. H. L. Ford, with the most children present, having three of hers there.

Several visitors were in church Sunday, Mr. and Mrs. Joe R. Rosenbaum were with his parents, Mr. and Mrs. Fred Rosenbaum, having come from Pampa.

Rev. and Mrs. Kenneth Leverett were hosts for several of their relatives Sunday, those attending church with them Sunday were, Rev. J. E. Bagley and Mrs. Mary E. Tanner, both from Abilene. Rev. Bagley was also a visitor in prayer meeting Wednesday night.

Other guests of the Leveretts Sunday were, Mrs. Bagley, grandmother of Mrs. Leverett, her brother Larry Tanner, also the Stanley Jackson family.

Mr. and Mrs. Jimmy Joiner and children at dinner with his parents, on Mother's Day.

We are glad to report that Mrs. Joe Murff, who is in the Hospital after surgery is doing good, and hoping to be home real soon. But one unfortunate thing happened to her in losing a bag containing most of her clothes she would need in the hospital, the day she went to enter.

Mr. and Mrs. Jack Wright had both their parents for lunch Sunday, Mr. and Mrs. Jack Wright Sr., of Hamlin, and Mr. and Mrs. Flavil Holmes.

Mr. and Mrs. Joe Ford had several of their family Sunday. From Abilene they had Mr. and Mrs. Bill Ford and Mary, Mr. and Mrs. Winllard Herrington and children. Those living around here present were, Mrs. H. L. Ford, Spencer and Diane, Mr. and Mrs. Joe E. Ford and children.

Mrs. George Wainscott and Jimmy, went to Abilene Sunday to eat dinner with Mr. and Mrs. David Higgins and boys. Later in the day visitors in the Wainscott home were, Mr. and Mrs. Wayne Wainscott and children, from Haskell.

Mrs. Buck Joiner was in Hamlin for a short while Monday, having brought her parents, Mr. and Mrs. Charl Durham, home from Odessa, where they had been visiting their three daughters living in that city.

YEARS AGO...

FIVE YEARS AGO:

First step in the move by Southwestern Bell Telephone Company to install dial telephones was announced this week by telephone officials.

Southwestern Bell has invited a selected group of general contractors to bid on a new dial building addition to the telephone office here, Truman Black, manager, announced this week.

W. G. (Bill) Rountree, Hamlin city superintendent and official government weather gauger for Hamlin for more than 17 years, this week was presented a 15 year award for service with the weather reporting division of the Department of Commerce.

C. E. Painter recently was named agent for the Katy Railway at Hamlin. An employee of the Katy system for 18 years, the new agent comes to Hamlin from Granger.

TEN YEARS AGO:

Jones County crop production has been pretty good, compared with all other counties in the United States, declares County Agent Bill Lehmberg. Jones County ranks thirty-third in cotton harvested with a total of 66,023 bales in 1949. Under grain sorghum production the county ranked twenty-first in the nation.

Interest in the Little League baseball play this summer is mounting with the release this week of the game schedules, beginning May 4.

FIFTEEN YEARS AGO:

Hamlin territory this week received 2.22 inches of rain to

bring the total for the year to 6.08.

Dr. Elmer J. Hawkins, now associated with the Fisher County Hospital at Roby, will assume control of the Hamlin Memorial Hospital within a few weeks, it is announced by the board of directors this

week. Hawkins says he hopes to have other doctors associated with him within a few weeks. Hawkins has leased the hospital for five years.

Mr. and Mrs. Eddie Jay are announcing the birth of a son at Stamford Hospital May 1.

He has been named Jerry Fred.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Conservative tone of the Texas Legislature was little changed by May 2 primary results.

Thirteen members of the Senate and 101 Legislators won re-nomination.

There will be two new Senators. Former Rep. Jack Hightower of Vernon will replace Sen. George Moffett of Chillicothe who is retiring. Successor to Sen. Frank Owen III of El Paso, who did not seek re-election, will be decided in the runoff between Rep. George Cook of Odessa and former Rep. Pete Snelson of Midland. The winner still must face Republican opposition on November 3.

Democratic incumbents in State offices polished off their primary opponents and turn to the job of running against their Republican opponents in the November general election.

The two primaries resulted in two runoffs, to be held on June 6.

Republicans George Bush and Jack Cox, both of Houston, will vie for the right to face Sen. Ralph Yarborough in November for the U. S. Senate seat Yarborough now holds.

Democratic Congressman-at-large Joe Pool will be in a runoff with Robert W. Baker of Houston for nomination to that statewide office.

Outside the U. S. Senate race, all Republican primary candidates for state office were unopposed.

TRIAL COVERAGE DISCUSSION SET — A State Bar subcommittee will meet here on June 12 with the state's major press associations to discuss coverage of court trials.

Representatives of United Press International, Managing Editors, Associated Press, Managing Editors, Texas Daily Newspaper Association and Texas Press Association have been invited to the first of three conferences. Radio and television broadcasters and law enforcement officials will be invited to confer with the Bar's subcommittee on "Trial News Coverage" in subsequent meetings.

The subcommittee has instructions "to study and make recommendations concerning proposed standards of conduct of statements of principles governing parties involved in news stories related to prospective or pending litigation, civil and criminal."

HIGHER EDUCATION BOOSTED — The Committee of Governing Boards of State Colleges and Universities called for "a giant step" to upgrade higher education in Texas next year.

In a new brochure, the voluntary group of regents from different institutions terms 1965 a "year of destiny" for education.

Meanwhile, Gov. John Connally's Committee on Education Beyond the High School got together to edit its preliminary draft of a report on how to achieve that "giant step" necessary to make Texas colleges and universities best in the U. S.

JUDGES APPOINTED — Governor Connally named James F. Parker Sr. of Beaumont associate justice of the Ninth Court of Civil Appeals to fill the unexpired term of W. T. McNeill, deceased.

Connally also appointed Charles L. Reynolds, Childress County attorney, judge of the 100th District to fill the unexpired term of Judge Luther Gribble, deceased.

Both appointees are Democratic nominees for the judicial posts. Connally said earlier he would appoint winners of the party primaries to the unexpired terms.

APPOINTMENTS — Mrs. Richard M. Kleberg Jr. of Kingsville and Dr. Hesiquio Rodriguez of Harlingen were named by Governor Connally to six-year terms on the Texas A & I College board of directors. Connally re-appointed John F. Lynch of Houston to a new term on the board.

Mrs. Kleberg and Dr. Rodriguez succeed J. H. West of Bishop and the late O. E. Van Berg of Mercedes.

SCREW WORM ERADICATION

— The financial fate of the Southwest screwworm eradication program should be apparent by May 8. That's when the appropriation bill embracing eradication plans is supposed to come out of the agriculture subcommittee of the U. S. House appropriations committee.

Pierce Johnson of Austin, attorney for the Southwest Animal Health Research Foundation, says the bill was written to provide \$2,750,000 in federal funds, to be matched by local funds. But SWAHRF officials have asked Congress to put up all \$5,500,000 since the screwworm has been eradicated in Texas, and maintenance of a barrier to prevent migration of screwworm flies from Mexico is an international program.

SOIL CONSERVATION — Planning costs for watersheds on Upper Bosque River, Hondo Creek and Donahoe Creek cost the Texas State Soil Conservation Board \$134,938, according to State Auditor C. H. Cavness' report on the past two fiscal years. Cavness said the Board spent a total of \$552,930 on its continuing efforts to conserve state soil resources and reduce efforts of flooding in small watersheds.

Legislative appropriations of \$572,579 were provided during fiscal 1962 and 1963. Biggest outlay was \$215,001 for almost 200 soil conservation districts which the board administers around the state.

MOSQUITO ERADICATION

PLANNED — First allotment of federal funds \$174,198 in a five-year, \$750,000 program aimed at wiping out the mosquito in Texas was received by State Budget Director Bill Cobb.

Texas State Department of Health will administer the program. The federal government, co-signee of a Pan American Health Organization agreement to stamp out yellow-fever-carrying mosquitoes, is underwriting the plan in a nine-state area, Puerto Rico and the Virgin Islands.

Mosquito abatement and education teams now are being organized for assignment in key areas of Texas. Dr. James L. Goddard of the U. S. Public Health Service said the mosquito must be eliminated from the U. S. to prevent its spreading to other western hemisphere nations.

BUILDING BOOM SLACKS — Despite a spring boom in apartment building, issuance of building permits in Texas in March dropped 8 per cent from March, 1963.

UT Bureau of Business Research thinks a slump in non-residential construction accounted for the overall drop.

TOURISM EXPANDING — Two Texas officials predicted tourism in the state is going to start booming.

Governor Connally said tourism will become the fastest-growing Texas industry. He called the state's new advertising program "one of our soundest investments in the economic and recreational future" of the state.

J. Weldon Watson, executive director of the Parks and Wildlife Department, said the fact that a Texan is President makes Texas more popular with visitors. Many of them want to know "how close such and such a park is to Johnson city," said Watson. He sees tourism and park use as having a "mighty impact" on the Texas economy.

BANKING • LOAN HEARINGS SET

— State Banking Board will hear application on May 13 for charters of Peoples State Bank of Marshall, Southwest State Bank of Brownwood, and Expressway Bank and Trust of Dallas. Action is due at that time on application of Texas State Bank of Abilene and Royal Bank and Trust Company of Dallas.

Savings and Loan Commissioner James O. Gerst set a June 17 hearing on the application for Trinity Valley Savings and Loan Association at Madisonville. Proposed directors are from Midway, Normangee, North Zulch and Buffalo, as well as Madisonville.

SOO SLOW FOR PENSION — Some long-time Harlingen firemen who recently decided they want to participate in the Firemen's pension plan waited too long, according to Attorney General Waggoner Carr.

Carr ruled that the 1957 Fireman's Relief and Pension Fund Act provides that a fireman forfeits his rights to participate if he failed to enroll, and the 1963 firemen's pension law covering fully-paid firemen in part volunteer departments embodies the same terms.

GOLIAD MEMORIAL PLANNED — Governor Connally named a Texas committee to work with a Mexican group on plans and financing for a suitable memorial to Goliad to Gen. Ignacio Zaragoza. The general's victory over French forces on May 5, is celebrated throughout Mexico. General Zaragoza was born in Goliad.

The Texas Legislature in 1961 accepted the the birthplace of Zaragoza as a state park historical site but provided no funds for developing it.

Good Neighbor Commission Director Glenn Garrett heads the Texas planning group. Other members are Parks and Wildlife Director J. Weldon Watson; Tourist Development Agency Director Frank Hildebrand; and Historical Survey

A&M NOW OFFERING FORAGE TESTING THROUGH CO. AGENT

Forage testing pays big dividends, Texas cattlemen now have such a service available to them through the local Extension office, according to county agent Kirby Clayton. The Texas A&M University Forage Testing Service operation has just been initiated, says Clayton.

Beef cattle producers, feeders and dairymen can take advantage of the new service — and they should. Research shows there are vast differences in the nutritive value and quality of forages used in feeding programs throughout the state. A ration cannot be properly balanced when the nutritive value of a forage is not known. If the forage is not properly utilized and supplemented according to its feeding value, this will be quickly reflected in beef and milk production — and ultimate profits.

The Texas A&M Forage Testing Service is available to anyone who desires to have dry forage or silage tested. Tests cannot be made for other types of feed such as grain or concentrates.

Tests will be made for protein contents only if the producer prefers. Protein test charges are \$2 per hay sample and \$3 per silage sample. When more complete information is desired, the charge is \$6 for each hay and pelleted or watered forage sample. Each silage sample analysis will cost \$7. The more complete analysis will consist of determining crude protein and crude fiber, calculation of digestible protein, total digestible nutrients and net energy. Moisture in silage will also be determined.

As an added benefit — with the more complete analysis —

Committee Director George Hill.
